YES IT IS FUNDAMENTAL

The capitalist press has raised itself to a level of respect and influence that the most powerful of the world's great organizations, the so-called Peace Societies, the International Labour Organization, and the League of Nations, have never attained. It is a fact that the Orient is in the hands of the capitalists and that the Orient is, therefore, subject to the operation of Capitalism.

The capitalistic system has produced a new form of organization, the State, which is the embodiment of the interests of the capitalists. The State is the instrument of the capitalist class, and its function is to protect and to promote the interests of the capitalist class.

The State is the embodiment of the interests of the capitalist class.

3. What are the chances that a capitalist will get a good income?
