A WORD WITH THE VOTER BEFORE ELECTION.

We are on the eve of a most important election. Those who are interested in, and work for, their own cause have fought you to believe that you could not lose. But, if you lose, you will lose everything. Your future, your home, your property, your liberty, your rights, your very existence.

You must vote a straight ticket, and hold the office of the people. You must vote for the Republican ticket, and you will be safe.

ATTENTION TO OUR READERS.

We must call attention to the fact that there are many who are not aware of the importance of the election. They have not taken the trouble to learn the issues, and are therefore unable to make an intelligent vote.

Now, for the first time in our history, the people are going to be asked to vote for a ticket. It is a vote for the future of the country, and it is a vote for the freedom of the world.

SPECIAL NOTICE.

The Republican ticket contains a large number of able and experienced men, who are well fitted to carry out the work of the nation.

Another Opportunity at Hand to Register Disapppproval of Capitalist System.

By Charles L. Sisson.

We are going to strike. For the working man has an opportunity to win. If he votes in the wrong spirit or the wrong way, he cannot win in the long run whether he is Republican, Democratic, or Socialist. We have an opportunity to win by the ballot of the Socialist party. If we are going to work for the Socialist party, we must vote for it and vote for the Socialist party. We have an opportunity to win by the Socialist party. If we are going to work for the Socialist party, we must vote for it and vote for the Socialist party.

The Socialist party is the only party that has the power to win. We cannot win by registered voters or by anyone else. We must vote for the Socialist party and vote for it and vote for it. NOT A WORKING CLASS MOB.

Therefore, Governor Peabody of Colorado will send no troops to protect the lives and liberty of Union men—Workers at the Mercy of an Armed Mob of Capitalists and Their Hired Thugs.

The Republican party's vapid appeal to the ordinary worker for his support is not enough. This is not a battle of political parties, but a war of the workers against the entire class to which they are opposed. The battle is already lost, and the workers must now unite to save their own lives.
