JUST A JOT OR TWO.

BY MONOCHRO SYLVA.

The题大意相似, 但不完全一致。the nighthawks of Chicago are feeling rather a little Jonesy, but that's the way they're supposed to be.

The usual nighthawk corner is the same, and it takes a lot of Tweets to keep that sort of thing going. They're not much for the arts and sciences, but they're good at keeping the streets illuminated.

The nighthawks are also known as the "night hawks" of the city, and they're a common sight on the streets after dark. They're usually seen in pairs, with one bird carrying a piece of food in its beak while the other holds a piece of food in its talons.

The nighthawks are not exactly "nocturnal," but they are active during the evening hours. They're often seen in the streets, parks, and other public places, where they feed on insects and other small animals.

The nighthawks are a common sight in the city, and they're often heard calling to each other. They're also known for their ability to fly long distances, and they're often seen flying over the city during the day as well as at night.

The nighthawks are an important part of the city's ecosystem, and they're often seen feeding on insects and other small animals. They're also known for their ability to fly long distances, and they're often seen flying over the city during the day as well as at night.

We have the Largest Store on the West Side. Our prices are positively the lowest possible.

We give Sperry & Hutchinson Green Trading Stamps free with all purchases

We Guarantee All Goods as to Price and Quality. We deliver all orders. Mail Orders promptly filled. We sell for cash only.

We do not solicit trade or personal orders, but we do deprecate charges for your Coming, as it is the personal desire of every intelligent man and woman to obtain their necessities at the lowest possible price. Especially under extremely competitive conditions such as exists, particularly in this city, among wage-workers and small shopkeepers.

WE ARE NOT IN BUSINESS FOR LOVE—BUT FOR PROFIT

We do not preach an aim, but an interest. You can see it in the manner in which we have not been able to realize.

There are many groceries in the city, all of whom have made a profit equal to other companies, and some have made a larger profit. That is our aim, and we are not selective on our personal interests, which we believe to be those of the consumer.

We are in the field for open. We are in the field to profit and profit to maintain ourselves, not at the expense of the consumer, but at the expense of the consumer's interest.
