CATHOLICS FIGHT SOCIALISM.

Milwaukee Catholics Prepare to Fight Capitalists’ Battle.

Unions Subjected to Vested Attack—Catholic Union Men Make Bitter Protest.

The action of the Milwaukee Catholic Union in organizing the working classes and recognizing the socialist movement as a serious menace to the church is finding a loud response from the local body. The Catholic Church in its desire to serve its master, demonstrating the necessity of socialism in the social question and its inevitable relation to a religious question, is taking an active part in the battle.

The socialists welcome this attitude of the Catholic Church with joy, as they believe it is the only way to stop the spread of socialism in the world. In the United States, citizens, including many Catholics, believe that the church should not take an active role in political matters. However, the Catholic Church in Milwaukee is standing up to the capitalists and is working to stop the spread of socialism.

The Catholic workers are subject to the same attacks as the other socialists. The Catholic Union, which is similar in its principles to the socialist movement, is also subjected to the same attacks. However, the Catholic Union is working to stop the spread of socialism in the working classes.
