SIXTH YEAR—WEEKLY NO. 287

CHICAGO, ILL., SATURDAY, SEPTEMBER 8, 1900.

OUR NATIONAL CAMPAIGN OPENED AT INDIANAPOLIS.

IMMENSE THRONG PACKS MASONIC TEMPLE TO HEAR DEBS ON SOCIALISM.

The Republican and Democratic Parties are One in Their Subservience to Capital and Their Hostility to Labor.

Both Contrive to Divide the Workers.

Opening address delivered by Eugene V. Debs, Chicago Socialist Party.

The Socialist Party has the Patience of Preliminary Bystanders and the Faith of Ultimate Victory.

Justice to Labor is the End of Capitalism.

The labor movement which we are at present seeking to accomplish is a class struggle between two parties, the great capitalist class and the working class. The working class is an industrious class, organized, and most of them are of the laboring class.

The working class is composed of those who work for wages, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital.

Through the entire working class, the working class is an industrious class, organized, and most of them are of the laboring class. The working class is composed of those who work for wages, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital, and who, in the course of their work, are subjected to the laws of capital.

Socialism In Packington.
The strike of the Packington workers, which is certain to paralyze the propaganda of the Socialist party here, has resulted in the non-payment of wages to 30,000 workers and women in the United States, and has set back the advance of the Labor movement in general.

A recent issue of the London Daily News states that the strike of the Packington workers is the most serious of its kind in recent years, and that the workers have been compelled to resort to extreme measures to force their demands. The workers have been on strike for several weeks, during which time they have been without wages, and the company has refused to make any concession.

Despite the strike, the company has continued to operate, and the workers have been forced to take drastic action to force their demands. The strike has been supported by the workers' organizations, and the company has been forced to make concessions in order to end the strike.

The strike is a serious blow to the company, and it is not certain that it will be able to continue to operate without the support of the workers. The company has been forced to make concessions, and it is likely that the strike will continue for some time.

The spirit of the movement.
The strike is a sign of the growing power of the working class, and it is certain that it will be a great blow to the capitalist class. The workers have shown that they are not afraid to fight, and they have made it clear that they will not be satisfied until they have won their demands.

The spirit of the movement is shown in the determination of the workers to fight for their rights. The workers have shown that they are not afraid to suffer, and they have made it clear that they will not be satisfied until they have won their demands.

Two Additional Organizers to Be Sent Out.

COMRADE BLOCK THIRD MAN

Great Increase of Socialist Sentiment at Pullman; 300,000 Leaflets to Be Distributed to the Workers.

Brief Notes.

The Campaign Committee meets John B. Reilly, a member of the Committee, in Chicago, Monday, for the purpose of revising the campaign program and receiving instructions from the National Committee. The conference was very helpful to the Committee. It has been determined to send out two additional organizers to the country. The most important of these is the third man of the committee at Pullman, who has a large amount of work to do. The organizers have been directed to pay special attention to the workers at Pullman, in order to increase the carload of workers' literature which has been sent out so far. It is estimated that 300,000 leaflets will be distributed to the workers at Pullman, and other large cities will receive a similar number of leaflets.

OUR WUREN AWITIBITS

The Socialist party has had a great increase of members in the last few months. It is estimated that there are now over 20,000 members in the party. The party is now well organized and is making good progress. The party will continue to work hard to increase its membership and to spread the gospel of Socialism throughout the country.

Iroquois Theatre Fire!

The Iroquois Theatre Fire on November 11, 1903, was a tragic event that claimed the lives of many people. The fire started in the Iroquois Theatre and spread rapidly, causing the collapse of the building and resulting in the loss of life. The fire was caused by an electrical short circuit in the theatre's lighting system. The fire department arrived on the scene, but due to the large number of people inside the theatre, many were trapped and unable to escape. The fire caused widespread destruction and resulted in the deaths of many people. The Iroquois Theatre Fire was a major event in Chicago's history, and it had a significant impact on the city and its residents. The theatre was later rebuilt, and the iconic Iroquois Theatre was once again in operation.

DEBS AND HANFORD LITHOGRAPHICS

Under the auspices of the Socialist party of Illinois, there was a successful campaign in 1904. The party was successful in gaining the support of a significant number of voters, and it was able to win several important elections. The party's success was due in large part to the energy and dedication of its members, who worked tirelessly to spread the word and mobilize voters. The campaign was also helped by the fact that the Socialist party was able to present a strong, coherent message to the public. The party's platform was based on a commitment to social justice, and it was able to attract the support of many people who were concerned about the issues of the day. The Socialist party's success in 1904 was a significant achievement, and it helped to lay the foundation for the party's future success.

WILL YOU BE MY PARTNER?

My magazine is now on a paying basis. That is, I am taking in as much money as I am paying out, a condition that has not existed since I established Walther’s Magazine. It took $600 a year to keep that magazine running. We can make it now.

The comrades who know me know I have no desire to make money, but that I wish to aid in social propaganda. What is the best way to do this?

I have given it a great deal of thought and I have decided that the best way is to take into partnership with me some Socialist Societies who are now doing as much as I can do. With these associations I can do much more than I can alone.

But, for Socialist Societies, have any money to invest? Very well, I will let the man that I can get the most money on the little I can do, and then you. I will need to pay my regular annual dividend.

Don’t delay, this offer is limited.
