THE GRAND CHARGE.

To the Comrades of America.

Fifty-four days more! And then the grand charge!

The enemy is rushing towards us at an increased rate. It is treacherous and crafty, and we must be on our guard.

Who that knows the thrill of manhood would not gladly give his life for his country?

Fifty-four days more!

This is our last chance to prove our worth.

Comrades, it is our year! Each day we are stronger, more determined.

We must not yield to toil or fatigue. We must fight on, till victory is ours.

Comrades, it is our year! Each day we are stronger, more determined.

We must not yield to toil or fatigue. We must fight on, till victory is ours.

THE COLLAPSE OF CAPITALISM.

BY WALTER THOMAS MILLS, IN THE "STUGGLING FOR EXISTENCE."

With the collapse of capital, the struggle for existence becomes a desperate affair. The profits which once made the capitalist comfortable are now being eroded by a glut of production and overcapitalization. The world is in a state of economic depression, and the working class is being hit hardest. The capitalist is forced to cut wages, hours, and benefits, and the workers are forced to accept these cuts. The conflict between the classes is becoming more acute, and the struggle for survival is becoming more desperate. The workers are being oppressed and exploited by the capitalist class, and the struggle for existence becomes a struggle for survival.

PRELIMINARY ANNOUNCEMENT.

The party organization in Cook County has been notified by the Federal Government that it has been found guilty of violation of the Espionage Act. The party will be forced to go into hiding and will be unable to continue its usual activities.

WHAT ARE THEY SAYING NOW?

"The issue is the labor organizing drive in the present world conditions." - Eugene V. Debs

"Capitalist exploitation is the cause of the economic depression." - Friedrich Engels

"The working class must unite and overthrow the capitalist class." - Karl Marx

"The struggle for existence is a struggle for survival." - Albert Einstein

The collapse of capitalism is a reality that must be faced. The working class must organize and fight against the capitalist class in order to achieve a better world. The struggle for survival is the struggle for existence, and the workers must unite to win their freedom.

"The collapse of capitalism will not be a sudden event. It will be a gradual process of the working class taking control of the economy and the state." - Vladimir Lenin

"The collapse of capitalism will be a revolution." - Nelson Mandela

The workers must organize and fight against the capitalist class in order to create a new world where the working class is in control. The struggle for existence becomes a struggle for survival, and the workers must unite to win their freedom.

"The collapse of capitalism will be a long process. It will take many years to achieve a new world order." - Fidel Castro

"The collapse of capitalism will be a radical change in the world order." - Hugo Chávez

The workers must organize and fight against the capitalist class in order to create a new world where the working class is in control. The struggle for existence becomes a struggle for survival, and the workers must unite to win their freedom.

Shoes

There is a sense of well-being afforded by being well shod that is not given by anything else a man’s apparel. The daily routine is a well-made shoe, from good stock, having style and neatness and being withal comfortable, a sense you feel when you shod. That is the kind of shoes sold by...
