TO ACTION!

Up, Workers of America! Wake up, my Brothers and Sisters, from your slumber! Strike is the watchword! Unite!

The great aim of the Socialist movement in the POLITICAL SUPREMACY of the WORKING CLASS! This is the battle-cry of the world's workers! If we do not make it, our children will inherit a world of poverty and woe.

THE CLASH STRUGGLE!

Make the working people understand that the interests of the laboring masses are the same, and that it is to their interest to associate with those who propose to work for their interests. They are the only persons in the world who are interested in the future of the working class. They are the ones who will be the benefactors of the working class.

Best poverty they know is the poverty of the unemployed. The working class is the only class that is truly poor. It has no money, no property, no possessions, nothing. It is the only class that can truly understand the hardships of the working class.

So we must strike. We must strike for the rights of the working class. We must strike for the rights of the poor. We must strike for the rights of every man and woman in this country.

The Capitalist Bosses are the ones who are responsible for the poverty of the working class. They are the ones who are responsible for the suffering of the working class. They are the ones who are responsible for the death of the working class.

We must strike to show the Capitalist Bosses that we are not afraid of them. We must strike to show the Capitalist Bosses that we are not afraid of poverty. We must strike to show the Capitalist Bosses that we are not afraid of death.

The Capitalist Bosses will find that we are not afraid of them. The Capitalist Bosses will find that we are not afraid of poverty. The Capitalist Bosses will find that we are not afraid of death.

The Capitalist Bosses will find that we are not afraid of them.

promises to the people.

The meeting closed with a review
of the past year, and the prospects for
the coming year. The closing speaker
was a prominent labor leader, who
spoke of the need for unity and coopera-
tion, and the necessity for working
together for the advancement of the
cause.

The meeting adjourned.

TAYLOR SAYS GOVERNMENT IS
NOT TO BE PRIVILEGED.

Taylof, in a speech delivered at the
meeting, said that he was not privi-
leged to the law, and that all men
were equal in the eyes of the
state.

"I believe in the equality of all men," he
said, "and I will work for the
advancement of this principle.

"I am not privileged to the law, but I will
fight for the rights of all men, and
I will work for the advancement of
the cause of labor."
