NOW! EVERYBODY! THIRD AND LAST CALL!

You workingmen who are dissatisfied with poverty; with long hours and short pay; with uncertainty of employment; with insolvency from your employers; with oppression by injustice, bullet, bayonet, and club; place your protest on record next Tuesday. A cross at the top of the fourth column before the word Socialist is the only way to record your protest. When you stand inside the voting booth by the sickly glimmer of the tallow candle, remember that new conditions are at hand. Conditions under which you can vote for the economic conditions you desire. A vote for the straight Socialist ticket is a vote for freedom and plenty for the working class. A vote for any other party or parties is a vote for slavery and poverty; an announcement to your present rulers that you neither expect nor desire better conditions. DO NOT SLEEP OVER YOUR RIGHTS. DO NOT THROW YOUR VOTE AWAY.

LAST DAYS OF CAMPAIGN—EVERY MAN TO HIS POST.

A Tremendous Socialist Vote Assured—Reports From All Quarters Show Workers Are Awakened—Let No Effort Be Spared Until the Polls Close—See That Your Vote Is Counted.

The great campaign of 1904 is at an almost close and about to pass into history. This campaign has been, and is, a huge and a terrible battle for all those who are alive today. The workingmen of America are being attacked by armed bands of thieves and bandits who are being armed and organized by a band of men who are the worst criminals that this country has ever seen. These men are the worst criminals that this country has ever seen. These men are the worst criminals that this country has ever seen. These men are the worst criminals that this country has ever seen. These men are the worst criminals that this country has ever seen. These men are the worst criminals that this country has ever seen.

SOCIALIST CANDIDATES DEFINE THEIR POSITION.

In Reply to Communication from the Chicago Federation of Labor—Socialist Party is the Only Working-Class Party.

REPLY.

Chicago, Oct. 26, 1904.
Mr. E. V. Johnson, Secretary, Chicago Federation of Labor:

Dear Sir—We have received your appeal addressed to the members of the Congress and the State Legislature, and wish to inform you that we have not received a similar appeal from the Socialist candidates. We have not received a similar appeal from the Socialist candidates. We have not received a similar appeal from the Socialist candidates.

We are Socialists and not trade unionists, with no other interests except those of our class. As such we understand that for the first time in the history of the world there is a Socialist working-class party that stands uncompromisingly for working-class interests. When this party is triumphant, it will be working-class labor, and its own just and equal share of the blessings of civilization. The class war is at hand, and the victorious class will be the class that is able to organize and control labor. The Socialist class will be the class that is able to organize and control labor. The Socialist class will be the class that is able to organize and control labor.

The question of the day and the one that all of us must face is: Will the Socialist party be able to organize and control labor? Will the Socialist party be able to organize and control labor? Will the Socialist party be able to organize and control labor?

Our program, then, is the abolition of capitalism, which is the present ruling class and the government of our country. This government is kept in power by the ruling class. The ruling class is the class that owns the means of production and distribution. The government is kept in power by the ruling class. The ruling class is the class that owns the means of production and distribution. The government is kept in power by the ruling class. The ruling class is the class that owns the means of production and distribution.

Should we, or any of us, be elected to Congress of the State Legislature of any of our respective districts, we shall on every occasion, as "agents of the working class, be guided by the collective interests and desires of our people. More than this we might say, if occasion warranted; less we need not, even to go to Congress or the State Legislature. If you are in "throwing in a last" as a personal favor to your leader, you must be careful to avoid the brevity to which you are inclined to it, and we insist that you give it the widest possible publicity.

Yours for the amelioration of the working-class by the elimination of the capitalist class.

ARE YOU GOING TO VOTE WITH PARRY?

The well-known social reformer, H. M. Parry, president of the National Home Protection Congress and ex-president of the National Industrial Alliance, has stated that the political situation, as far as the states are concerned, is so serious that the states for home protection is at hand. Conditions under which you can vote for the economic conditions you desire. A vote for the straight Socialist ticket is a vote for freedom and plenty for the working class. A vote for any other party or parties is a vote for slavery and poverty; an announcement to your present rulers that you neither expect nor desire better conditions. DO NOT SLEEP OVER YOUR RIGHTS. DO NOT THROW YOUR VOTE AWAY.

NOW FOR THE COUNT.

It is almost impossible to estimate the cost of the campaign in Chicago in money; hundreds of comrades have contributed to the work, day and night, for four months, and tons of literature have been distributed. We ask every comrade to remember that the immense amount of work done can be wholly or partially lost, unless the organization proves equally wide-awake to its interests at the polling places. There must be watchers everywhere. This makes the utmost importance, in order that the party may be credited with every vote cast for it.

Man the polling places with watchers and insure the full results of our summer's toil in the official count.
CAPITALIST PEACE.

BY ERNST UHLMANN.

The cabin of the rough rider on the stage coach across the desert was a sodden cloud of rust and dust. The smell of leather and sweat and tobacco, of the men who rode the stage, was thick in the air. The window was rolled up, and the sun was blinding. The stagecoach rumbled over the desert, the dust rising in front of it, as the stage driver urged the horses on. The passengers were all asleep, save for one, a man who lay on the floor of the cabin, his head resting on his arms. He was wearing a wide-brimmed hat, and he was smoking a large cigar. The cabin was dark, and the only light came from the sun outside. The man's eyes were closed, and he seemed to be enjoying his cigar, oblivious to the noise and the heat around him. The stagecoach continued on its way, the dust clouding the air, the sun beating down, the passengers sleeping, and the man on the floor enjoying his cigar. The world was going on around him, but he was in his own world, free from the cares and worries of the outside world. The stagecoach continued on its way, the dust clouding the air, the sun beating down, the passengers sleeping, and the man on the floor enjoying his cigar. He was content, and he was at peace.
DEBS' ADVICE TO FIRST VOTERS.

There Will Be Wealth for All Willing to Work for It.

For what should the young American, who is good enough to be a first voter, as Socialists talk, be a first voter for? What party should he join first?

These questions have been answered by the Socialist Party of the United States, which will hold its first national convention at the New Willoughby Hotel in this city, May 12th and 13th. At this meeting, the young Socialists will hear the first announcement of the Socialistic movement in America, and they will be told that they have a right to vote for the Socialist Party and to bring it to power.

The Socialist Party is the only party that will make the working classes a political power in America. It is the only party that will make the working classes a political force, and it is the only party that will make the working classes a political party.

THE SOCIALIST PARTY.

Its Aims in the Present Campaign.

BY UPTON SINCLAIR.

What can we do for the summer? What can we do for the winter? What can we do for the spring? What can we do for the fall? What can we do for our neighbors? What can we do for ourselves? What can we do for our country? What can we do for our world? What can we do for our planet? What can we do for our future? What can we do for our past?

Our aims are broad and varied. We aim to bring about a world where all men live in peace and harmony, where all men are equal in all respects, where all men have equal rights and opportunities. We aim to bring about a world where all men work together for the betterment of humanity, where all men contribute to the common good.

We aim to bring about a world where all men are free, where all men are equal before the law, where all men are protected by the law.

We aim to bring about a world where all men are educated, where all men have access to knowledge and information.

We aim to bring about a world where all men are healthy, where all men have access to medical care.

We aim to bring about a world where all men are happy, where all men have access to joy and laughter.
