A REORGANIZED DEMOCRACY

"The Fate of a Reorganized Democratic Party on the Battleground between Capitalism and Socialism."

(From Mills' Willard Hall Lecture.)

This was the first of a series of twenty Drummond series meetings to be held in this hall under the auspices of the Bureau of Educational Work of the Socialist Party of Illinois. The lecture was delivered in its entire length with an introductory talk given by James L. Burke, social democrat and member of the Socialist Party of Illinois.

The lecture will be delivered in its entirety with an introductory talk given by James L. Burke, social democrat and member of the Socialist Party of Illinois.

In the course of the lecture,Drummond gave a clear and concise picture of the struggle between capitalism and socialism. He pointed out the basic differences between the two systems, and the advantages and disadvantages of each. He also discussed the historical development of both systems, and the role played by socialists in the development of socialist thought.

The lecture was a great success and was well received by the audience. It was a valuable contribution to the understanding of the struggle between capitalism and socialism, and should be of great interest to all those who are concerned with this question.

A NEW CHARTER.

The Socialist's Opportunity.

By Seymour N. Moklan.

In response to the persistent queries as to what the Socialist party of the United States will be doing on the eve of the election, the Socialist party will be making public, in the near future, a new charter, or program, of the Socialist party.

The new charter, which will be presented by the Socialist party, will be a detailed statement of the objectives of the party, and will be a guide to the action of the party in the coming election. The charter will be published in full in the Socialist party's official organ, the Socialist, and will also be distributed to the members of the party.

The charter will be a departure from the old one in many respects, and will be a guide to the action of the party in the coming election. The charter will be published in full in the Socialist party's official organ, the Socialist, and will also be distributed to the members of the party.

A REVIEW OF ESSENTIALS

By Charles Dobbs, in International Socialist Review.

THE PROTEST VOTE.

It is generally supposed that the political influence of the working people in this country has increased to a great extent since the Eight Hours Bill of 1886. The working people of America have always been industrious and intelligent, but in no country have they been so industrious as in the United States. The working people of America have always been more intelligent than the working people of any other country.
