LABOR LOBBIES DISTANCED

Politicians Awakened from Their Slumber by the Activity of Socialist Members.

AN EMPLOYERS' LIABILITY ACT

A Municipal Ownership Bill to Be Presented—No More Public Funds' Interest Money for Partisan Politics.

Some Socialists in the Illinois legislature are having more effect than all the speeches made by the members of that "invisible club" and trying to influence the lawmakers on the tax laws. They haven't been able to persuade the politicians, so they have decided to go to work and make themselves heard. There is no doubt that their methods will be effective. The employers and the working men of the city will have a voice in the making of the laws of the State.

The employers are beginning to realize that they cannot get along without the workers. They are beginning to understand that the workers are just as important as they are.

A BILL

For an act to abolish the doctrine of the right to manage companies and occupations.

The bill has been introduced by the people of the State of Illinois in the General Assemblies. It is believed that every employer engaged in any business, whether manufacturing or mining or any other occupation, located in the State of Illinois shall be liable for all damages caused by the use of machinery or implements of a dangerous character. The bill has been introduced in order to make the employers responsible for the safety of their property.

The bill is intended to provide for the protection of the workers, and it is believed that it will be effective. It is hoped that the employers will take it into consideration and pass it into law.

SECTION 2. No rule or regulation of any sort shall be made by contract with any employer, and no custom or usage shall be observed by any employer, or under any circumstances, in such a manner as to impair the personal rights of any person employed, or to prevent the exercise of any rights upon their own account, or for their own account.

The bill has been introduced in order to make the employers responsible for the safety of their property.

There is no more work which is carried on in Illinois than in any other State. The bill has been introduced to protect the workers from the dangers which they are exposed to.

A messenger from Headquarters.

Word reaches us that there is a great excitement in the city of Chicago. The workers are gathering in large numbers and making themselves heard.

A SUGGESTION

It is recommended that a meeting of all the workers be held and that a report be made of the work done in the past year and the work to be done in the coming year.

The workers have already been at work and have made great progress. They have many plans for the future and are determined to do their best.

If you wish to help the workers, you may do so by sending them a small donation.

What Foils These Martlets

Dr. Price, the eminent botanist, has been looking for a certain plant which he believes is a valuable article of commerce. He has spent many years searching for it, but has been unable to find it.

The plant is said to be a valuable source of food for the people of the country. It is believed that it will be of great value to the people of the country. It is hoped that Dr. Price will be able to find it soon.

LEGAL RIGHTS TOGETHER DEBASED

But the Workers Have Built the Factories, Machinery and Railroads
and Won the Right to Work, Not the Right to Work!

THE DREAM THAT MUST COME TRUE.

By John Ryan

A profound faith in the ultimate success of the Labor movement is inspired by the very number of people in the movement. The old Brundage Office, in which I worked many years ago, could not possibly have employed the very depth of the class that is now organized. The old Brundage Office, in which the working class was so poorly represented, could never have won the struggle in which it is now fighting. The working class is gaining ground. It is the working class that is the moving force of society. It is the working class that is the moving force of civilization. It is the working class that is the moving force of progress.

The working class is gaining ground. It is the working class that is the moving force of society. It is the working class that is the moving force of civilization. It is the working class that is the moving force of progress. The working class is the only class that is capable of winning the struggle for the future. It is the working class that is capable of winning the struggle for the future. It is the working class that is capable of winning the struggle for the future.

THE NATIONAL SOCIALIST PLATFORM FOR 1904,
(As Adopted at Chicago, May 5, 1904.)

The American Labor

This document contains the National Socialist Platform for 1904, as adopted at Chicago on May 5, 1904. It discusses the platform's purpose and principles, including the need for a labor policy and the desire for a government that respects the rights of workers. The platform advocates for a socialistic and democratic society, where the state is the servant of the people, and emphasizes the importance of organization and cooperation among workers. It calls for the abolition of private property in land and the means of production, and the establishment of a system where the state owns and operates the banks, railroads, and other means of transportation. The platform also outlines measures to improve the lives of workers, including the establishment of a minimum wage, the right to strike, and the protection of workers' health and safety. The document is a significant historical text in the development of socialist and labor movement ideas in the United States.
THE CHICAGO SOCIALIST

THE SPRING CAMPAIGN.

In a short time the spring campaign will be on the march and with it the great forces of industry will go to work. The Socialist party, as the vanguard of the working class, is already on the alert. The Socialists are the vanguard of the working class, which is the vanguard of the world. They are already organizing, circulating the socialist literature, and preparing the way for the great Socialist movement.

THE SECOND, THIRD, AND FOURTH VOLUMES OF MARX’S “CAPITAL.”

BY ERNEST UERMANN.

The long and laborious work of translating Marx’s “Capital” into English is nearing completion. The English translation is already in press and will be ready for publication shortly.

REGULATION OF RATES.

The following letter appeared in the Chicago Socialist of the 27th of February, 1918:

ROOSEVELT AS A POLITICIAN.

Public opinion on Tuesday, Feb. 19th, was that “The Proclamation as a Patriots Act” was a step in the right direction. The President is doing his best to keep the country out of war.

WORK IN THE STATE.

The balance of the spring session will be devoted to the passage of the farm bill. The bill is expected to be passed without much opposition.

FRENCH SOCIALISTS UNITE.

The French socialist party has been at the center of a number of political struggles. The Socialist party has been at the center of a number of political struggles.

ECONOMIC DETERMINATION.

If the Socialist had the making of the world, as the saying goes, he must have the making of the world. The Socialist is the vanguard of the working class, which is the vanguard of the world.
