CHICAGO SOCIALIST.

SIXTH YEAR—WHOLE NO. 316

CHICAGO, ILL., SATURDAY, MARCH 25, 1905.

SOME POSERS TO CAPITALIST CANDIDATES.

BY SEYMOUR STEIDMAN.

The present municipal struggle in the City of Chicago gives to the capitalist candidates an opportunity—rarely given in American politics—to make a show of their political orthodoxy, and thus to prove the correctness of their political views. The political orthodoxy of both Mr. Harriman and Mr. Van Valkenburg is doubtless correct. In a few words they will probably give the same answers to all the questions that may be put to them: 'Why are you a capitalist? Why are you in politics?' The answers will be: 'We are socialists because we believe in the individualism of labor and capital.'

Thousands of leaflets out.

Astromonical attack on 250,000 Hamburger Crustless Sandwich—when a 'Berkebier' increases in Chicago average.

The city is coming up like a living organism. The city has tastes, and those tastes have a definite influence on the city's development. The city is a living organism. It has a definite purpose, and that purpose is to serve the needs of the people.

The socialist view is one of the major forces in the world today. The old parties spend large sums of money in their campaigns. The socialists point the way to a better world for the workers.

THE WORKING CLASS AND CAPITALISM LAW.

Verdict is in for a factory or storing fifty thousand dollars to the union of the number of members and distributing it to the remaining members of the union. The verdict is in favor of the socialist view.
