INDUSTRIAL CONVENTION ENDS.

The Industrial convention, which has been the subject of intensive discussion in Chicago during the past week, reached its close yesterday, with a farewell banquet and a general address delivered by T. J. Motombo. The convention was attended by about 1,000 members of the industrial workers' organizations of the city, and was received with great enthusiasm by the speakers and the audience.

A report of the proceedings of the convention was read, and it was agreed to forward the same to the executive committee of the American Federation of Labor for consideration. The convention also voted to extend its thanks to the members of the Industrial Workers of the World, who have been so generous in their support of the convention.

GRAFT NOTES, ETC.

By H. J. L.

The present system of graft and corruption is utterly inefficient. It is time that the people of this country should demand a thorough reorganization of the political machine, and that the machines should be put under the control of the people. The only way to do this is to elect men who will not be afraid to take the initiative in the matter.

UNION LABOR'S GROWTH

Elliott Wright, Federal Labor Department

Union labor is on the increase. Whether we refer to strikes or to labor's success in the courts, the results of this year are very encouraging. The number of strikes is not high compared with some years, but the results are often more important. The labor movement has been successful in many instances in winning the right to bargain collectively and in raising wages. Industrial Section in Chicago

The Socialist Party of Illinois is making preparations for the July Clearing Sale. The sale will be held in various cities and towns throughout the state. The purpose of the sale is to dispose of surplus goods and raise funds for the party's work. The sale will feature a wide range of merchandise, including clothing, furniture, and other household items.

FIRST CLASS IN SOCIALISM

In the world of capitalism, the working class struggles to survive while the wealthy few thrive. The Socialist Party of Illinois is committed to organizing the working class and fighting against the forces of capitalism. By forming a socialist society, we can create a world in which all people have the means to meet their basic needs.

Our campaign slogan, "Evolution of Man," is a call to action for all those who believe in a socialist future. We believe that the current system is broken and that we need to build a new one. The Socialist Party of Illinois is working to build a better world, and we invite you to join us in the fight for a socialist society.

We are holding our annual Clearing Sale to raise funds for our work. The sale will feature a wide range of merchandise, including clothing, furniture, and other household items. All proceeds will go towards our efforts to build a socialist society.

We hope you will join us in the sale and support our work. Together, we can create a better world for all.
SOME OF THE REASONS WHY.

The story of many workers and others who voted for the "Liberal League" platform is that of many who are now in the Chicago Socialist Party. The "Liberal League" platform was adopted at the Chicago Socialist convention last fall, and was opposed by many on the grounds that it would make the party too radical. The platform was adopted by a large majority, and the party has been growing ever since.

But the story of these workers is more than a story of votes. It is a story of lives, and it is a story of struggle. These workers have been fighting for their rights, and they have been fighting for the rights of their fellow workers.

The workers who are now in the Socialist Party have been working hard, and they have been fighting hard. They have been fighting for the rights of their fellow workers, and they have been fighting for the rights of all workers.

The story of these workers is the story of the struggle for justice. It is the story of the struggle for freedom. It is the story of the struggle for a better world.
