There Is No Good Reason Why the Workers of Cook County Should Not Elect Six Socialist Judges Nov. 7th. Will You Do It?

The Story of Labor's Struggle in Australia.
JUST A COUNTRY GIRL

BY KATE RICHARDS O'HARE

"Oh, I don't know. I'm just as good as you are."

Just a country girl—why should she be expected to come out of the muck of the stock yard and into the world? Maybe she isn't. It is possible that she has as much sense as she has ambition. The world is full of them. They show a real energy in the way they go about their work. They work hard and do their best at everything. They are patient and persistent, and they have a natural gift for making things go smoothly. They are capable of handling a wide variety of tasks, from bookkeeping to managing a farm. They have a remarkable ability to learn quickly and adapt to new situations. They are always ready to take on new challenges and to do their best in whatever they do. They are the kind of people who can make a difference in the world. They are the kind of people who can change the world.

CANN SEE YOU RIGHT?

If not, I invite you to have Dr. Bevan's genuine Beehive Cough Drops. He made 800 yards when he was a small boy, and he has been making them ever since. He will sell them to you at your own house, for $2.00 a pound. You can afford to try them in any case, and if you don't like them, you can return the balance of the money. You will find them pleasant to taste and refreshing to the palate. The ingredients are pure and natural. The mixture is made up of the finest and most expensive herbs and spices, and the results are purely medicinal. The price is $2.00 a pound, which includes postage and handling. You can get them at any drug store, or at the above address.
