CORRESPONDENCE.

Chicago Socialists.

I have just completed the purchase of a very pleasant home of the young city of New York. It is on the main streets and is ten blocks from the center of the city. I am furnished with all the modern comfort and convenience.

The city is in a very prosperous condition. The people are well-fed and well-clad. The stores are large and well-stocked. The streets are clean and well-lighted. The newspaper offices are in full operation. All in all, it is a city of which one can be proud.

I am sending you a photograph of my new home. I am sure you will be pleased to see it.

Yours truly,

"SOCIALISM AND TAINTED MONEY."

"In the days of our parents, money was precious, but it was not tainted. It was the money of the people. Today, however, money is tainted and used to buy the love of the masses."

"The rich have taken control of the banks, and they use their power to control the economy. They have created a system where the rich get richer while the poor get poorer."
