BIG VOTE CAST BY SOCIALISTS.

WINNING A WORLD.

(Edited by Eugene V. Debs, Workers’ Magazine.)

The socialist vote in the last New York election was an important factor. The percentage of votes cast for the candidates of the socialist party was the highest of any of the parties. The socialist ticket got from 3 to 5 per cent more than the Democratic ticket. The last of the December of 1910 meet was made with the socialists in the lead.

The socialist vote grew throughout the city and the state. The election showed that the socialist vote is growing every year. It is a factor in the political life of the state and the country. The socialist vote is growing and the socialists are making progress.

The socialist vote is growing throughout the country. The socialist party is gaining in strength and influence. The socialist vote is growing and the socialists are making progress.

The socialist vote is growing throughout the country. The socialist party is gaining in strength and influence. The socialist vote is growing and the socialists are making progress.

THE REIGN OF GRAFT.
From Human and Class, by W. J. G. Hunter.

It is a well known fact that the reign of graft is upon us, and that the time is ripe for the overhauling of the entire system of our political institutions. The corruption that has long been the bane of our public life has reached such a pitch that it is no longer possible to ignore the issue. The time has come for a thorough investigation of the entire political machinery, and for the introduction of such reforms as will ensure the perpetuation of a just and equitable system.

The necessity of such a reform is universal. The people are tired of the fraudulent practices of the politicians, and are determined to see that justice is done. They are determined to see that their votes are counted, and that the officials are held accountable for their actions. They are determined to see that the public money is not wasted, and that the public interest is not sacrificed to private gain.

The people ought to know

The difference between good, honest, high-minded clothing and those of inferior quality, Ex-press to a national public. Those who have been wearing clothing bought at this store are satisfied and recommend it to their friends. Those who have bought elsewhere and were dissatisfied will come here and feel that this store is the place to look for the best.

A CONVENTION NECESSARY.

Some weeks ago, the Chicago Socialist Labor League met in conclave and discussed the advisability of holding a national convention of the Socialist Labor party to be held in Chicago during the month of August. It was at that time, then, that the state convention was called, to be held in Wheeling on the eighteenth. As a result, a large number of members are now gathering in Wheeling for the purpose of preparing the way for the national convention.

RUSSIA.

The present condition of the government of Russia is a matter of great concern to all those who follow the political developments of the world. The suppression of the revolution in Russia has created a great deal of anxiety among the working classes of all countries. The situation is a complex one, and it is difficult to predict what will happen in the future.

FREE TRADE UNIONIST.

The question of free trade unionism is one that has been a matter of great discussion among labor leaders for many years. The idea is that all unions should be free to organize and work without the interference of the government.

THE GAME.

The game of baseball is a popular pastime among young people and adults alike. The game is played on a rectangular field with a diamond-shaped infield. The objective of the game is to hit the ball and score runs by running around the bases.

VOTER DISCRIMINATION.

The question of voter discrimination is one that has been a matter of great concern in recent years. The issue is whether or not all citizens should have the right to vote, regardless of their race or color.
