THE COLISEUM SATURDAY NIGHT, DECEMBER 9

WHY SHOULD I GO BACK?

By Horace Traubel.

"Why should I go back?" You think. "It's all right here. I've got a good job, a good place to live, and I'm not too bad off. Why should I go back?"

But there are reasons why you should go back. It's not just a matter of going back to where you started. It's a matter of looking at things from a different perspective. When you go back, you can see things that you couldn't see before. You can see the world in a new way.
