THE CHICAGO SOCIALIST

MAY DAY CELEBRATED IN CHICAGO.

Despite bad weather Labor's International Holiday was fittingly observed, at least in Chicago. May Day was a fitting day to honor the workingmen's struggle for a better world. It was a day to commemorate the struggle of the workers for the eight-hour day, for the abolition of child labor, for the improvement of working conditions, for the abolition of hunger and poverty, for the establishment of the revolutionary principles of socialism.

THE TUBERCULOSIS EXHIBIT.

April there was held, at the Chicago Public Library, a large and most interesting exhibit known as the "Tuberculosis Exhibit." Under the management of a society that is doing great work in this field of research, the exhibit was arranged to show how the disease progresses, and the means by which it can be checked and prevented. The exhibit was visited by thousands of people, and it was estimated that over one hundred thousand dollars was raised for the advancement of tuberculosis research.

WANHOPE'S STORY OF THE IDAHO OUTRAGES.

Wanhope wrote: "In Idaho, on April 20, 1892, a strike was declared by the miners of Butte, Montana, against the Butte Consolidated Copper Company. The company was controlled by the financiers of Wall Street, who had brought the miners to Butte to work for low wages and long hours. The strike was successful, and the miners were able to demands higher wages and better working conditions."

The strike was a success, and the miners were able to demand higher wages and better working conditions. The company was forced to give in, and the miners were able to improve their working conditions.

THE LABOR DEPARTMENT OF THE STREETS.

The Labor Department of the Streets is the most important department of the city government. It is responsible for the maintenance of the streets and sidewalks, and for the collection of the taxes levied for this purpose. The department is entirely under the control of the city government, and it is responsible to the people of the city for the proper maintenance of the streets and sidewalks.

THE HABIT OF SAVING.

In the United States, the habit of saving is much in evidence. People save money in order to have something to fall back on in case of necessity, and to provide for old age. The habit of saving is much in evidence.

THE MEANING OF OUR PRIMARY VICTORY.

The Socialist party of Cook county fully understands that the victory which we have gained on the county board means a victory for justice and democracy. It is not a victory for any one person or group, but for all the working people of Cook county. It is not a victory for any one issue, but for all the issues that are dear to the heart of the working class.

Our victory is a victory for the working class, and we shall continue to fight for the cause of the working class until we have won complete victory. We shall continue to fight for the cause of justice and democracy, and we shall not rest until we have won.

AN OPEN LETTER TO PRESIDENT ROOSEVELT BY SPECIAL DELIVERY.

Mr. President:

I am writing to express my gratitude to you for your support of the working class. I would like to thank you for your dedication to the cause of justice and democracy. Your support has been instrumental in our victory on the county board.

I am writing to you as the representative of the working class. We are a strong and united group, and we shall continue to fight for our rights. We shall not rest until we have won.

Sincerely yours,
