SOCIALIST LECTURE COURSE IN DOWNTOWN OPERA HOUSE AND A NIGHT SCHOOL IN THE STUDY OF SOCIALISM

By WALTER THOMAS MILLS.

I.—THE LECTURE COURSE.

Arrangements have been made for a course of twenty Saturday night lectures, to begin Saturday evening, December 2, covering a historic and scientific discussion of Socialism together with the consideration of a large number of topics of current economic and political interest. Each lecture will be given in a twenty-minute question box. These lectures will be given in a Downtown Opera House in Chicago.

II.—THE NIGHT SCHOOL.

Connected with these lectures and as supplementary to them a night school will be open for the study of Socialism. The classes will be given in a night school which will be held in the evening for ten weeks, the first session to be held on Wednesday evening, December 5. This night school will cover a more careful study of Socialism than the lectures given in the Socialism of Capitalism, "The Evolution of Socialism," many questions of current political controversy, together with a series of lessons on "How to Work For Socialism," "The Matter of Organization," "The Work of a Campaigner," and "How to Prepare a Speech," "How to Conduct a Question Box," "How to Keep a New Book," "How to Organize a Campaign," and a thousand and one other things of the greatest importance in the effective doing of political work.

The Cost

A plan has been adopted by which, through the medium of Socialism, the socialist party will enable a number of students to take part in the work of the socialist party without entering the students' association. The students' association is now preparing for the winter session of the International School of Social Economy, and the students are free to choose the courses of study that they desire. The purpose of the association is to provide a nucleus of socialist students who will be able to study the various problems of socialism and to participate in its activities. A registered student will be entitled to receive a certificate of membership in the association, which will entitle him to the privileges of the association, and to participate in its activities. A registered student is also entitled to receive a certificate of affiliation with the association, which will entitle him to the privileges of the association, and to participate in its activities. A registered student is also entitled to receive a certificate of enrollment, which will entitle him to the privileges of the association, and to participate in its activities. A registered student is also entitled to receive a certificate of affiliation, which will entitle him to the privileges of the association, and to participate in its activities.

The Plan

The lectures will be given in a series of twenty Saturday evening classes, covering a historic and scientific discussion of Socialism, and will be given in a downtown opera house. Each lecture will be given in a twenty-minute question box. These lectures will be given in a downtown opera house in Chicago.

The Reward

Any one who will subscribe in advance for ten tickets for each week of the twenty weeks will be given admission to the Socialism of Capitalism, and by acting the tickets will get all their money back and 50 cents for their services.

Less Work But More Service.

Any one who will secure a group of fifteen students for membership in the night school and will keep the membership number throughout the session, will be entitled to all the privileges of the association, and will be entitled to a certificate of affiliation with the association, and to participate in its activities. A registered student is also entitled to receive a certificate of enrollment, which will entitle him to the privileges of the association, and to participate in its activities.

RUSSIA A SEETHING CAULDRON.

Since the war, our friends in the Russian Capital have been sending us reports of the activities of the Social Democrats. These reports we feel confident will be accepted by the working class as being perfectly authentic.

We are under the impression that these reports have been sent from the Russian Capital in order to help the activities of the Social Democrats in this country.

The Russian Revolution is at present a very active topic of discussion. We feel that our friends in Russia are quite justified in their efforts to make it known to the world that the Russian Revolution is not only a great event, but also a very important one.

The Russian Revolution is not only a great event, but also a very important one. It is not only a great event because it has brought about a great change in the political system of Russia. It is also important because it has brought about a great change in the economic system of the country.

The Russian Revolution has brought about a great change in the political system of Russia. The old system of government, which was based on the power of the czar, has been replaced by a new system of government, which is based on the power of the people. The new government is called the Soviet, and it is composed of the representatives of the working class. The Soviet is not only a government, but also a political party.

The Russian Revolution has also brought about a great change in the economic system of the country. The old system of the factory and the merchants has been replaced by a new system of the factory and the workers. The new system is called the collective ownership, and it is based on the labor of the workers. The workers are the owners of the factories, and they are paid for their work by the state.
