WANTED--MEN AND BOYS TO SELL THE CHICAGO DAILY SOCIALIST

SETS THEM THINKING.
Effect of a Socialist Speech on a Country Merchant.

It is to be hoped that the theories of socialism will be expressed in a more amiable manner than they were in the speech delivered at a country merchant's store. In the course of the address, the speaker concluded by accusing the country merchant of being a enemy to the working man, and as such, a disgrace to his country. The merchant, in reply, expressed the opinion that the working man was not an enemy to the country, but that the country was an enemy to the working man. The speaker then proceeded to deliver a long and heated discourse on the subject.

ROOSEVELT'S FAMOUS RATE BILL
President Roosevelt's railroad rate bill passed both the Senate and the House of Representatives. What do you think of this bill? Is it good or bad? Should it be passed or not? What do you think of the president's proposal to reduce the rates on all railway traffic? Do you think this is a wise move on the part of the government?

WALKER FOR CONGRESS.
Letter from Gompers on the Situation—What Labor Leaders Have to Say.

GOMPERS' POLITICAL ACTION!
If you are interested in the political situation, you must be aware of the recent actions of the labor leaders. The president of the American Federation of Labor, Samuel Gompers, has been very active in recent months. He has been working hard to get the labor leaders elected to office. The labor leaders have been very successful in their efforts, and they have been able to get a good number of candidates elected to both the Senate and the House of Representatives.

OUR DAILY PAPER
Prospect of the Being Made Permanent if Worked For

The first time of the first Ag in 1906 has been made permanent at the present time. The Ag is to be published and passed on to the public, and the results are very encouraging. The Ag is working for the public, as it has always worked for the public in the past.

THE CHICAGO SOCIALIST, OCTOBER 20, 1906.

PAST OR FUTURE—WHICH SHALL RULE?

Political parties reflect industrial conditions. They arise to represent certain interests, certain industrial classes. Those classes dispose the parties to exist and new ones come when a whole industrial section is no longer the power that it was from the classes within their system diverge and change with industrial needs.

When during the middle of the last century the parties in the Southern States of the Union, the old political parties, which had all old the institutions and demands that marked the political system in the great conflict that ended the decade of politics, we are in the nature of a similar situation. Capitalism is in its death throes. The great social revolution is plain to see; also the fourth page of a new society.

It is a fact that the so-called old parties are in many cases changing, changing, reforming. In almost every State, the union, which has been the backbone of the old party, is dissolving. In Alabama, a few weeks ago, the entire party organization dissolved, that the middle. In Michigan the party organization dissolved, that the middle. In Michigan the party is now what the socialists call the "New Democracy," a party that repudiates the old party and joins the new one.
