PISCATORIAL RIGHTS HIT

Ancient Privileges of the Small Boy and Sportsman are Threatened by Senate

"VESTED INTERESTS" NOW TAKE A NEW DIRECTION

Representative Chipfield Puts a Few Dombs Under the Scheme to Block Bill

(By a Special Correspondent.) Springfield, Ill., April 5.—The unlawful predatory fishing clubs and the fishing trust that controls the navigable rivers in Illinois have set their wily and fishy traps in the deep narrow Senate current to catch a mammoth legislative garfish which is threatening to destroy the peace of their pet encroachments.

The legislative gar is house bill 41, which Representative R. M. Chipfield of Fulton County got through the house, and which declares the rights of the public to fish unhindered in the meandering waters of navigable lakes and streams. The hunting and fishing clubs and the fishing trust, knowing that the fishing is best in meandering waters, have squatted, without right or title upon the borders of the best fishing waters of the Illinois River, and cause the arrest or injury of persons "trespassing" on "their" preserves.

TREASURY LOW

Big business interests continue to refuse to pay their just share of the taxes. As a result, the treasury is lower than it should be. This is one of the arguments advanced for seeking the little fellow again. A bill passed the house committee on pending contemplated raising an annual license fee of \$5 on itinerant vendors of patent medicines.

WOMAN'S SUIT MUST SHOW CURVES TO SUIT

Cleveland, Ohio, April 5.—Judge John Brown has decreed that clothes are made to display women's curves, not to conceal them. The decision was made in the case of Miss Hattie Willis, court stenographer, against Louis Weinberg, a tailor, for the recovery of \$41 paid him for a gown which she declares was a misfit.

FIVE OLD SOLDIERS STABBED IN THEIR BEDS

Dayton, O., April 5.—Five veterans of the civil war were stabbed last night while asleep in their beds at the Soldiers Home. Two lay die. William H. Huffman of Barren, Mo., was stabbed in the chest and died.

30 YEARS FOR HITTING MILLIONAIRE

New York, April 5.—Police Engel Brandt, the former valet of Mortimer L. Sola, who on March 4 broke into the millionaire banker's residence and assaulted him with a bowling pin, was sentenced today by Judge Bonasaly to 30 years in state's prison at hard labor.

A CALL TO WOMEN

DA WRECK RECORD

Do. April 4.—A misunderstanding caused a collision between Chicago passenger train No. 21 and the Illinois Central and a conductor, Fireman Walter Kaup of the passenger train was killed. Engineer Oscar Hill jumped and escaped with bruises. Amos Carter of Oniro, Wis., a passenger, sustained a severe gash in the forehead, and several other passengers were badly shaken up.

Bartlesville, I. T., April 5.—South-bound Missouri, Kansas and Texas passenger train No. 21 ran into an open switch in this city early yesterday and crashed into a string of freight cars on a siding. Several persons were badly shaken up, but none was seriously hurt.

TILLMAN TIPS OFF WILDEST SCHEME

Harriman and His Crowd to Force Government Ownership--Unload Stocks on Uncle Sam

(Scripps-McRea Press Association.) Birmingham, Ala., April 5.—Senator Benjamin Tillman of South Carolina, while here en route to Mississippi, said: "I have a feeling of disgust when I read about the controversy between the president and this man Harriman. Of course, Roosevelt will take issue with any man who opposes him, and every one who differs with him must bear the unpleasantness of being dubbed a 'dub' simply because he is." The senator added that he thought the railroads are trying to force government ownership and that it is a move to unload their watered stock on the government. "Roosevelt is squinting at this now," said Tillman. "The president is seeking to make governmental regulation supersede state regulation, but happily the supreme court is still doing business at the old stand."

SOLDIER REFUSED TO SHOOT UNION MAN

Park, April 5.—Lieutenant Tisbrand-Delange, who was expelled from the army and deprived of his rank because of his failure to disperse a meeting of 4,000 laborers on Jan. 30, has been honorably reinstated in the army.

POLICE TALONS ON CONSTANTINE

After A World Wide Chase Sleuths Landed the Alleged Slayer of Mrs. Gentry

Frank Constantine, accused of the brutal murder of Mrs. Louise Hughes Gentry, after admitting to the New York police that he is the man wanted, will come back to Chicago about Monday, accompanied by Assistant Chief of Police Schuetler and Detective Sergeant John J. Sheehan, who left for New York last night.

KISS ONCE ONLY A SNIFF AND A LICK

Philadelphia, Pa., April 5.—That in early times the kiss was really a sniff and a lick was the novel statement made by Professor Hopkins of Yale University yesterday before the American Oriental Society now in session in this city.

SEEK RELICS OF STANFORD WHITE

(Scripps-McRea Press Association.) New York, April 5.—Fancy prices were paid for relics of the late Stanford White, Harry Thaw's victim, at the first day's sale of his belongings yesterday. Society leaders and business men who formed the circle about the auctioneer were willing to pay dearly for articles picked out by the architect, whose artistic taste was as highly praised. Many of the articles sold purely as rarities, however, rather than as works of art.

WORLD-WIDE SEARCH

The murder of Mrs. Gentry was one of the most atrocious in the annals of Chicago's criminal history. It was followed by the slaying of Mrs. Hollister by Richard Ivens and other deadly assaults on women. For this reason the entire country learned of the murder of Mrs. Gentry and Constantine, as he is sometimes known, became one of the most famous fugitives in the United States.

THEORY VERSUS PRACTICE

Dubious Dubb--Socialism is certainly on the down grade. Look how we got beat in Germany. Them fellows over there must be giving up. Cheerful Chap--Snacks, they did the best they could, didn't they?

Dubious Dubb--I know, but there seems to be a falling off in enthusiasm. Why, look right here in Chicago we only got 12,050 votes, while last time we got 22,000. Huh! Cheerful Chap--That's so, Dubious, how did you vote this time?

Dubious Dubb--I'll tell you. Things looked so dark for our side, and I didn't want to lose my vote, so I voted for Dunne. Cheerful Chap--H! H! That's just what I thought. Cheer up, Dubb, you'll learn some day.

ROOSEVELT DECLARES WAR \$5,000,000 TO RUIN HIM

Whole World Looks On at Knock-About Stunt Between President and Harriman

Washington, April 5.—War has been declared. Stung by publication of the Harriman letter, President Roosevelt has come out into the open, and in a series of remarkable utterances yesterday to representatives of the administration press, declared against the Harriman-Rockefeller-Hearst combination.

It is even claimed by the president's friends that the \$5,000,000 fund feature will divide into very small percentages before the president gets through grilling the men who are said to be planning the defeat of his policies at the next Republican national convention.

The president is preparing to follow up the disclosures of the political "conspiracy" that he made yesterday and the day before with more sterling denunciations, bearing on the alleged machinations of Harriman, McVey, Rockefeller and his other associates.

The president is the grandest president in the world's history, and he is not a man who is easily frightened. He has a plan for the defeat of the Harriman crowd, and he will execute it. He has a plan for the defeat of the Harriman crowd, and he will execute it.

CYCLONE SWEEPS TOWN AWAY

Twenty Lives Lost and Millions in Property Destroyed at Alexandria, Louisiana

Dallas, Tex., April 5.—A report to the train dispatchers of the Texas & Pacific Railroad here says that at least twenty persons were killed and 100 injured in a cyclone early today at Alexandria, La. The storm is said to be one of the worst which has ever visited that section, and has wrought appalling havoc. A great part of the town is in ruins. Fifty houses have been torn to bits and several stores and factories demolished.

PEOPLE ASLEEP

The cyclone came without warning at about 2 o'clock in the morning. The sleeping citizens were aroused by a tremendous, terrifying roar of wind that was barely heard before the whole air was filled with a deafening crash.

RUSSIA IS ACQUIESCENT

That the czar is lending ear to these requests became evident by his action in dismissing Baron Korff and Nicholas Tarkoff because they failed to rise when the czar's name was mentioned in the duma on March 5. Prince Paul Dolgoroff has already been deprived of his rank for his same offense.

Professor Koell is one of the most noted scholars in Russia. He holds a chair at the University of Heidelberg, and is an authority on international law. Mr. Tarkoff is a prominent constitutional democrat from Yaroslavl. The action of the czar in dismissing highly significant.

HORNSWOGLE OF WHEAT RAISERS

Ton of Bran Costs a Ton of Wheat and \$2.35 to Boot In Michigan

Ann Arbor, Mich., April 5.—N. H. Deegan has figured out where many farmers, probably the average, are their birthright for a mass of postage, to use a biblical phrase.

Deegan acknowledges that he was looking for trouble, and he found it in the city of Traverse. He happened against a proposition that convinced him that wheat raisers are literally hunched, and besides pay good money for the privilege of uncumbing to a large, smooth hornswoogle.

A farmer sold a load of wheat at 65 cents a bushel, then bought a ton of bran for \$24. A ton of wheat is 24 bushels, which at 65 cents a bushel is worth \$15.60.

ON THE RIALTO PEYTON BOSWELL Dramatic Editor

"The Belle of Mayfair" is a play by Charles H. Brookfield and Cosmo Hamilton. It is a good way to characterize "The Belle of Mayfair" the English play now at the Columbia. Old Capulet is represented by a rich brewer who has been made a brewer, and old Montague appears as an impetuous earl, who is the other enemy of the aforementioned brewer.

M. O. CROWD WAS SOLD OUT MONDAY

Big Democrats and Big Republicans Meet and Throw the Balance to Busse

SINCERE REFORMERS TIRED BY CORPORATIONS

Gas Sullivan, and Other "Real Democrats Rule the Party and Ditch the 'Longhairs'"

All last week thousands of sincere Democratic reformers worked night and day to secure the re-election of Mayor Dunne.

They were sold out by the Democratic leaders, however, and suffered the fate of all sincere fighters who join a company led by traitors.

While the Chicago Federation of Labor was working night and day to re-elect the man who broke the teamsters' strike and who was nominated by Gas Sullivan, and spending money for literature, a few big Democrats met a few big Republicans in the Ashland block last night and set the fight.

Busse needed about 40,000 votes to elect him, and the delivery of those was arranged.

The first conference did not bring about an agreement, so another meeting was held in the Grand Pacific hotel Monday night. At this last meeting the deal was closed, and for four long years the reign of the corporations will be supreme.

REPUBLICANS CLOSE DEAL. G. O. P. masters of politics refused to make concessions Sunday, feeling that the deal and Dunne besting Dunne, on the eve of the election, however, they could hold out no longer. In desperation over the prospect of a Dunne victory they conceded everything and the vote was promised.

DUNNE KNEW IT. Mayor Dunne yesterday said: "I notice that the stocks of public utility corporations are going up."

NEWS FOR UNIONISTS. A sensation was created at the first session of the British Columbia parliament at Victoria when the Socialist members declined to rise in accordance with custom, during the presence of Lieutenant Governor Dunsmuir, as the representative of King Edward.

A FEW OF HARRIMAN'S GOOD JOBS

E. H. Harriman is credited with senatorial aspirations. As "the representative of the people" his famous capacity for work would also be taxed with "looking after" the following corporations in which he is either a director, trustee or officer.

Socialist News

James Walker of Danville and Adolph Gerber of Olive, both officials of the United Mine Workers, visited the headquarters of the Daily Socialist yesterday.

Astoria landowners have communicated with American capitalists with the view of having American capitalists take interest in the development of coal and iron mines in different provinces.

British agents want to sell a good brand of American cottonseed oil, which they claim is having an increased demand in the United Kingdom, displacing pure olive oil.

A public loan will be floated in Spain to raise funds for the construction of the new harbor works at Cadix. The cost will be about \$1,729,944.

A joint stock company for transportation purposes has been organized at Varan, Bulgaria. The company will transport passengers between Dobrich and Baltschick.

Fire extinguishing apparatus is in demand in a large Latin-American city and inquiries for more efficient equipment has been brought out as a result.

The Turkish ministry of public works has decided to ask bids on the proposition to build a trolley line for Adrianople. An application for a concession has been favorably reported upon, but the ministry declined to allow a contract under such conditions.

Corn crops in Argentina have been blighted by the drought and prospects for even a small yield are gloomy.

Yarns of woolen or cotton mixed with paper are being successfully produced in Saxony.

One of the things you can't buy on credit is experience. Lots of folks do a thing twice in order to get it done once.

(Dr. Zamenhof's System) ESPERANTO Students' Complete Text Book

Containing Full Grammar, Exercises, Conversations, Commercial Letters and Two Vocabularies Compiled by J. C. O'CONNOR

"I will bring to the reader a startling sense of the feasibility of universal language. Especially in France ESPERANTO has been taken up seriously. Americans will not be slow in catching up with the procession. Esperanto is a miracle of simplicity. Almost any day, speaking loosely or figuratively, it may dawn upon the consciousness of the business world as a revelation. Grammars have never before been found among the six best sellers, but it is not unreasonable to predict for Mr. O'Connor's booklet a considerable sale. It is even conceivable that Esperanto should ride into world success on the tide of an Anglo-American fad."—Chicago Evening Post.

HOOT MON! THIS WILL FLUSTER THE LAIRD

Detroit Passes a Beaker of Lemnagna to The Man of Library Monomania

Detroit, Mich., April 5.—Andrew Carnegie's offer of \$750,000 for library purposes was defeated in the municipal election.

The result was a stinging rebuke to the ironmaster, the laird of Skibo, the monumental library builder. The people at the same time voted to issue \$750,000 of bonds for library purposes.

"Oh, Mr. Billyans!" "Well!" "Do you think a rich man can go through the eye of a needle?" "I don't know, my boy. However, I will say that my lawyers have dragged me through some very small loopholes."
