PLOENT OF WORK.

The Capitalist Press About the Present Situation.

In the New England offices.

The capitalist press at the present time is in almost unanimous accord in its denunciation of the working classes. The labor of the factories and the toil of the laborers and the toil (5) papers are all being brought forth bare of human rights, and every other sort of rational thought. The capitalist press is as much the people's enemy as the people are the capitalist press's enemy. The working classes must be prepared to fight in the battle for their rights..."

and the present are the same, and
the present is the future."
THE WORKERS' CALL, CHICAGO, ILL., AUGUST 17, 1899.

A HOPELESS STRUGGLE.

By P. R. Proctor, of the Colorado State Board of Health.

The city of Denver, Colorado, is now suffering from a terrible epidemic of smallpox. The rate of mortality is high and the number of cases increasing daily. The city has been declared an infected area and a quarantine has been established. The situation is critical and the authorities are doing everything possible to control the disease. The citizens are urged to take all necessary precautions to prevent the spread of the disease. The local, state and federal governments are working together to combat this public health crisis.

SOCIALIST LABOR PARTY OF THE UNITED STATES.

Platform.

The Socialist Labor Party of the United States is a political party that advocates for socialist principles and advocates for the advancement of the working class. The party seeks to establish a society where the means of production are owned and controlled by the working class, and where the state is abolished. The party seeks to replace the existing capitalist system with a socialist one, characterized by worker control of the means of production.
