New York, Oct. 16—Eugene V. Debs, head of the socialistic labor movement in the United States, is quoted by the New York Call in an interview as saying:

"If I should get out of this prison today I would be in Gary or Pittsburgh tomorrow. That's exactly where I would go. Mr. Palmer, Mr. Wilson and the capitalists know perfectly well that we will stay in this prison and that they cannot keep me out of it."

KRIEGER CASE GRINDS ON.

(By Eugene Lyons.)

Tulsa, Okla., Aug. 24 — In the case of Charles Krieger has been harried, settling only eleven in the box; and several peremptory challenges are still issued. If there are 12 challenges, the peremptory challenges are of course used, and the case of Charles Krieger will probably get them eventually by a process of elimination.

Krieger, who is now on trial in Illinois, is a well-known labor leader and was a leader in the United Mine Workers' strike in 1919. He has been associated with a number of radical labor organizations, and has always been active in the fight for workers' rights.

The case is expected to be concluded within the next few weeks.
