

Hail 13 Years of the Soviet Union!

Thirteen years ago, the workers and the peasants of Russia, kicked out their bosses. In November, 1917, the great Russian Revolution took place.

The millions of workers and peasants, who were robbed by the bosses, and who were tired of going to war for more profits for them, decided that they would not live such an unhappy life anymore. They set up a government that is really OF the workers, BY the workers, and FOR the workers.

The great leader of the Russian Revolution was Comrade Lenin. It was Comrade Lenin and the Communist Party of Russia who understood how the workers could make their lives happier, and organized them and led them out of slavery, and established a system where all workers are free to run their own government.

This November is the thirteenth birthday of the Soviet Union. Before the Revolution there were not many factories in Russia. But today the Soviet Union is working under its Five Year Plan, and in 1932, when the plan will end, Soviet Russia will be ahead of many of the capitalist countries.

The workers in the Soviet Union are much better off now

than they were before 1917. There is no unemployment, no starvation, no bread lines. The Russian worker gets one month

Defend the Workers' Fatherland!

vacation with pay, cheaper theatre tickets, cheaper fare. He works only seven hours a day if a worker in the Soviet Union is sick he gets free doctor's care, and his wages while he is sick.

American Workers Starve

But how about the American workers? In America there are eight million out of work. Long bread lines, high rent, wage cuts, long hours of work, are what the workers in America get. The American worker does not have any of the good things in life that a worker in the Soviet Union has.

And how about the children in the Soviet Union? They get the best of things. In school they have good conditions. There is a law against hitting children. There is no child labor. Children get free clothing and one meal a day in the school. And when summer time comes, all the children get a chance to go out to camps, to rest and enjoy themselves. The former homes of the czar and the rich are now the rest homes for workers' children.

But in America we are not so lucky. That is because we have a bosses' government that does not care for the workers' children. In America there are millions of children who work in the mines, fields and factories.

When our fathers are out of a job it means that we have to go hungry, without shoes, without warm clothing for the winter, and we can not have the things we want.

And how about the schools? There are many schools that are overcrowded. Children sit two in a seat. The teachers hit the children often and there they are taught to be against the working class, and to hate the Soviet Union. The kids of the rich do not like us. During the winter they go to Florida and have a swell time on the profits their fathers make out of the workers.

Workers' Children! The Soviet Union is the Fatherland of the whole working class! It is the only country where

vacation with pay, cheaper theatre tickets, workers rule. There the children play and cheaper fare. He works only seven hours there is gladings in the hearts of millions

YOUNG PIONEER

Girl Works Hard for \$4 a Week

Dear Young Pioneer:

We are now back in school again after our summer vacation. My father, who works in the mines, has been out of a job for many weeks.

I have worked for three weeks down in Tamauqua, which is not far from Coaldale, for Mrs. S. I had to do all the housework except cooking, and I also took her little boy out in his carriage every day.

I was getting only four dollars a week and my mother told me to ask her for five dollars. When I asked her, she told me it was too much, and that she could get many girls who would work for three dollars a week.

I didn't even get enough to eat from Mrs. S. Sometimes I would only have a small sandwich and a cup of coffee for dinner. One day when she fried eggs, she didn't even give me a whole one. When I told her that I wasn't getting enough to eat, she said that she thought I didn't get even that much at home, because we were very poor.

I told her that I was working hard, and needed enough to eat. She got mad, and told that I talked back too much, and told me to go home.

Coaldale, Penna. — Ann B., age 13.

Hail 13 Years!

(Continued from Page 1) of ohr little brothers and sisters in Rossia, because they are FREE.

Since the establishment of the Soviet Union, the bosses are planning to attack it. They know that it is an example to workers and farmers of the whole world. The Soviet Union says to the whole working class:

"Go out and organize! Build a strong movement of the workers and farmers under the leadership of the Communist Party! Follow the example of the Russian workers, ORGANIZE and overthrow the bosses of your country, and run the country in the interests of the majority of the people the workers and farmers."

This is what the bosses fear. That is why they are spending millions of dollars for war, building warships, and airplanes. They are plotting to attack the Workers' Fatherland!

Workers' Children! Pioneers! Our task is to defend the Soviet Union! We must tell all the children about the conditions in the Soviet Union! We must fight against bosses' wars! Fight against the military organizations of the children that prepare the workers' children to attack the Soviet Government at time of war!

Stand by the Workers' Fatherland! Defend the Soviet Union!

The Pioneer Flyers

We Pioneers of downtown New York have formed a club which is building airplane models and is studying aircraft. We meet after every Pioneer group meeting and discuss how models are built and on what principles airplanes fly. We are planning to visit airplane fields and see for ourselves how airplanes work, how they take off and how they land.

At present we are building a stick model. This is a plane without the regular fusilage (body), having only wings, landing wheels, propeller, and elevators and rudder for guiding. This model is shown in the illustration in this story and you can see

in the drawing the plane without the wing covering, showing (A) the wing sections. The stick (B) is used instead of the fusilage and is made of plane wood about one-half inch thick. The rudder and elevator are shown (C), and (D) is the rubber used instead of motor.

We will write more, telling you comrades just how you, too, can build model airplanes.

Comradely yours,

-The Pioneers of Downtown New York.

Free Food for the Children of the Unemployed!

Millions of Children Work in U. S.

Dear Young Pioneer:

Here in Chicago there are thousands of workers' children working as bootblacks and newsboys. The bootblacks are always hit by the cops, and chased off the corners. They are also paid only five cents a shine, and they have to work hard for it!

I know lots of boys who have to go to work right after school, and sell papers for a few cents a day. There are also many other places, not only in Chicago, but all over the United States where workers' kids have to work hard. I know that in the South there are many children who work all day long under the hot sun, and they make a couple of pennies a day.

Do you know whose fault it is that we have to go to work, instead of playing? It is the bosses' fault. And it's about time we gave these bosses some of their own medicine. We've got to do like the Russian workers did in 1917! Kick out the bosses, and then the workers will run the country.

Only when we have a Soviet Government here will we workers' kids play, and go to school, instead of working.

-A Chicago Young Pioneer.

Pioneers Greet "Slot" Delegate

We Pioneers of Pittsburgh had a big meeting not long ago, to welcome Comrade Goldie Dobrinec, the Pioneer whowent to the second "Slot" in Berlin, Germany.

Comrade Goldie spoke at this meeting, at which there were about one hundred comrades. She told us all about the second world meet of the workers' and farmers' children in Berlin, and also about her trip through Workers' Russia.

All of us were very much interested in what she said, and eight workers' children joined the Pioneers at this meeting! We had singing and cheering, and the meeting ended with the workers' song, the International.

-A Young Pioneer of Pittsburgh, Pa.

Only the Bosses Smile!

Dear YOUNG PIONEER:

Herminie, Penna.

There are several Pioneers in this town. In school we were studying about America. The teacher said that America is the world's paradise, and that in America everyone has a chance to make himself great.

She also said that children don't have to go to work until theiy are eighteen. She said the people here are always happy and smiling every day. This is all bunk! Only the bosses are happy and smiling.

Fight against the bosses and the bunk we hear in school!

—A Comrade, Joe Z.

WE PIONEERS MUST FIGHT ON!

Harry Eisman is going to the Soviet Union! The Pioneers of the Soviet Union have extended an invitation to our Comrade Harry Eisman to come to the Soviet Union!

Harry is now serving five and one-half years in a children's reformatory, because he is a militant Young Pioneer. Comrade Harry took part in a big unemployment demonstration at Union Square on March Sixth. There he fought together with the workers for "Work or Wages," and for free food and clothing for children of the unemployed. That is why they sentenced him to five and one-half years.

The prison where Harry is kept in is forced to release him because of the demands, protests, letters and petitions sent in by workers and their children demanding his release. They also got scared of the demonstrations held in various cities protesting against imprisoning our young comrade.

If Harry serves five and one-half years in the prison, when he gets out the bosses would probably deport him to Roumania, where he was born. That is what they do to all foreign born workers who fight for the interests of the working class. The capitalists of Roumania would throw him in prison or kill him.

Harry Eisman goes to the Soviet Union! There he will take an active part in the work of the Pioneers. Harry remains in the ranks of the workers' children, fighting harder than ever for the interests of the working class. He is going to work harder than ever, helping the Russian workers and their children build Socialism, and helping to protect the workers' fatherland from the attacks of the bosses!

Harry is going away, but the fight of the workers' children here is going right on. The Pioneers are organizing the children to fight against their bad school conditions and for free food and clothing for the children of the unemployed!

We Pioneers of the U. S. A. must pledge ourselves to keep up the fight! We must promise Comrade Harry, before he leaves for the Soviet Union, that we will not let the bosses scare us!

Fight on with the same spirit that Harry Eisman fights!

Workers' Children! Join the YOUNG PIONEERS!

Join the Young Pioneers!

A Letter from Comrade Harry

Dear Comrades:

I have received the invitation of the Pioneers of the Soviet Union to come to the USSR. I glady accept this invitation from our Brother Pioneers.

The bosses thought that they would split up our Pioneer groups by sending me to jail. They couldn't succeed. They thought that I would change my mind about being a Pioneer. In this case too, they failed. The authorities have talked to me, and have tried to convince me that the Pioneers was

Harry Eisman, the militant Young Pioneer, Who Goes to the Workers' Land

Do You Want Harry Eisman to Go to the Soviet Union?

Or do you want him to stay in jail for 5 years, and then sent to Roumania, where he wll be killed?

If Harry is to go to workers' Russia, we must raise money to send him there! Will you help?

Help send Harry to the Soviet Union!

Collect money! Send in your nickels and dimes and quarters! Act at once! Rush funds to the

YOUNG PIOENEERS OF AMERICA 43 East 125th Street, New York not a good organization. They wanted to make a real loyal patriot out of me.

But I told them and I will tell all the workers' children that I am only loyal to the working class, and not the boss class.

While I am in the Soviet Union, I pledge to carry out all the work of the Pioneers there. The Russian Pioneers are working hard to help the Soviet Government build Socialism, to improve the conditions of their country, and I promise to do all that I can to help them.

I also promise to write to the American workers' children, telling about the life of the children in the Soviet Union. I finally pledge, that when I will be in the Soviet Union, I will tell all the workers' children there about how the children in America live, and help them in their fight against the bosses of other countries.

I go out of this jail mainly because of the sentiment of the workers and their children who fought that I should be free. I am more determined to fight in the interests of the working class than ever before. I end this letter pledging to all the workers and their children, that IN THE CAUSE OF THE WORKING CLASS I STAND "ALWAYS READY!"

> Your Comrade, Harry Eisman.

We Will Fight to Free You!

(The following letter was written by a group of workers' children to Harry Eisman, the Young Pioneer who is in jail, serving a sentence of five years):

Dear Harry Eisman:

We the Ella May Workers International Relief Scouts, send you our working class greetings. We were organized in September, 1930. We all know that you were put in prison because you demonstrated on the Sixth of March against unemployment.

We have our meetings every other week, and we do all we can to give relief to the workers. We sell YOUNG PIONEERS, pictures, coupon books, and we are going to try hard to hold an affair here in Glassport some night with the cooperation of the Working Women's Aid Club. We will do all in our power to free you.

> Comradely yours, Ella May W. I. R. Scouts.

JUNIOR SPORTS

The Coach's Corner

PLAYING BASKETBALL

Well, boys, something new is here, and that is the correspondence coach corner. The basketball season is creeping upon us, and in order to have a successful season, your team needs coaching. To make a long story short, here is the preliminary training which every team should take in order to have a team that will work like a machine.

As most clubs will practice in school gyms and will only have thirty-minute periods, 2. Seven minutes. Pass ball; run to basket on return pass and shoot from all sides of basket. Line the men up about fifteen feet from basket. One man is on opposite side and he gets the pass and returns it to the thrower who immediately shoots the ball.

It is very important that whoever gets the pass must get it on the run — never wait for the ball to come to you. All managers must see to this.

3. Seven minutes. Have one man play at the foul line as guard. Line up all the other men in the middle of the floor, one

Labor Sports Union Players in a Basketball Game

I will divide my time accordingly. In case your periods are longer, add a few minutes more to each phase of practice.

1. Seven minutes. Practice dribbling to basket from all sides of basket slowly. Be sure that you get the ball in the basket. Then go faster. The most important thing is to get the ball in the basket.

Junior Sportsmen! Join the Junior L. S. U.

man with the ball playing in front of the guard. The purpose is to get through the guard and shoot for the basket. The idea is to practice "faking" the ball and getting under the guard and shoot for basket. Every player takes place of guard after he has had his turn at shooting the ball.

4. Five minutes. Foul shooting. Each man gets three shots apiece.

5. Four minutes. Divide your men in teams and play.

In the next issue we will tell you how to play your positions, and will give you some plays and formations.

(If you have any questions, you can write to the Coach, care of the Young Pioneer.)

Get all your friends to subscribe to the YOUNG PIONEER! It's Only 35 cents a year!

JUNIORS TO BE AT L. S. U. CONVENTION

Every worker's kid who swings a bat or kicks a ball ought to know about this that there is going to be on November 7, 8, and 9, in Cleveland, Ohio, the Fourth National Convention of the Labor Sports Union of America.

At this Convention young workers will get together from all over the country to build up a stronger workers' sports organization in the U. S. A. The Labor Sports Union, which is part of the world wide Red Sports International, has many Juniors in it, workers' children under sixteen years of age.

At the Convention the Juniors will have their own special conference. Here they will talk over the questions of organizing the workers' children in sports clubs in the L. S. U. They will take up the question of the fight against the bosses' Public Schools Athletic Leagues and other such organizations of the bosses.

BOSSES TEACH CHILDREN TO BE SHARPSHOOTERS

The bosses are beginning to train the workers' children for war much more openly than before. Not long ago, they organized the National Junior Rifle matches. In these matches they taught thousands of children how to use guns.

A general of the army, General Wingate, said about these matches: "They must be taught in their youth to shoot, so that they will never forget it, and will be ready to defend their country and flag."

Yes, the country and the flag of the bosses! But if we workers' children learn ho wto shoot, it will be for our own rights, and for the working class!

Write about your school conditions to the YOUNG PIONEER. Become a "Young Pioneer" Correspondent.

Pioneer Junior Sportsmen of the Soviet Union in a March Formation

It is a clear day. The city of Kharkov is alive. The hour is six a. m. The workers are leaving their homes to work in the factories. They are not tired looking. Their faces have a hopeful expression as they walk towards the big tractor factory. Another day of work ... a step nearer towards the Five Year Plan! A stride closer to Socialism.

Young workers on their way to work are reading the papers and heatedly discussing the problems of the Soviet Union. The doors of the factory open. The machines start moving. They seem to deliver a message to the workers as they move. "The Five Year Plan in Four Years" is the power by which they produce. The lips of the workers answer: "We must catch up and beat capitalism! The whole Soviet Union —men and women, young workers and children, are working steadily, forcefully, towards one aim, and that is the building of Socialism.

Mitja and Vanya Go to the Pioneer Meeting

It is 11 a. m. Mitja and Vanya are on their way to a Pioneer meeting. Some burning questions must be solved at this meeting. They are in an awful hurry. They discuss the work of their group as they go along. First they walk swiftly towards the meeting, and then they begin to run fast, hardly stopping until they get there. They enter the meeting room. Pioneers are already gathered playing, writing, waiting for the Pioneer meeting to get started. -

Sonya, the Pioneer leader, enters the room. She is "Komsomol" (Young Communist League member). She is greeted enthusiastically by the Pioneers. The Pioneers like her because she helps them, shows them the way, and takes part in all their work. The meeting comes to order. Mitja is the chairman. Her cheeks grow red as she open the meeting. Her black eyes become darker as she says: "Well, let's get started. This meeting must be disciplined!"

Write as you fght! The "Young Pioneer" is your paper!

LENIN'S CHILDREN A Story of the Soviet Pioneers By MARTHA STONE

We Must Help the 5 Year Plan

In a few moments all is quiet. Mitja speaks. Her voice is clear and everyone listens carefully. "Comrades, it is four weeks since the last meeting of the Pioneers. At that meeting every comrade was assigned to certain work. Today we are going to check up and see if every comrade did his Pioneer duty. We have a big job in front of us. We workers' children must help our Government in building the Five Year Plan. This is what we must discuss today. How can we help in the Five Year Plan? What comrade wants the floor?"

There is silence. No one wants to speak. Suddenly, one Pioneer calls out: "Say, Vanya, don't talk to yourself. We all want to hear. What's on your mind?" Vanya rises, red-faced, and says:

"Pioneers, I want to read to you today of the socialist competition that I drew up with my mother and father." He reads slowly:

"My father promises to go to work every day; not to drink and to join the shock brigade in his factory. My mother promises to keep the house clean, and to become an active Communist.

"I promise to go to school daily, do my homework, and to teach my mother how to read and write." He sits down. All Pioneers cheer and applaud. "Hurrah for Vanya! Vanya is a real Pioneer! Don't forget to come to school tomorrow! Have you an alarm clock in your house?" Vanya's declaration is accepted by all of the Pioneers. He does not mind their teasing.

Pioneers Fight Against Drinking

Another Pioneer asks for the floor. "Comrades, last week our Pioneer group that ist attached to the Hammer and Sickle factory discovered that some workers get drunk and stay away from work. We visited their homes and then we went to the factory and put their names on the bulletin board. We wrote in big letters: "Shame on the Deserters!" Now one of the workers came to the meeting with me. He has something to say to the comrades. Let him speak."

A worker thirty-seven years old rises. He feels embarrassed before the Young Pioneers. He knows that the Pioneers do not like to see a worker who is not helping in the Five Year Plan. The Pioneers are very quiet. They feel that something important, is going to happen. They all lean forward. The worker speaks:

A Worker Speaks

"Little comrades, I come to your meeting and ask that my name be stricken off the list of deserters. I realize that I am harming the Soviet Union and the work of my factory. I have been drinking for years. Under the czarist rule I used to drink often to help me forget the bad conditions my family and I lived under. But under the Workers' Government, workers should not drink. I must get rid of this bad habit. The Pioneers who are attached to the Hammer and Sickle factory have helped me to see my mistake. I suggest that you take my name off the list."

He sits down. The Pioneers look thoughtfully from one to the other. A motion is made that the worker's name should be taken off the list. It is carried. Then one Pioneer rises:

"This is good work which the comrades are doing in the Hammer and Sickle factory. But-I propose that we hold a demonstration in front of the factory against drinking. Let us go there tomorrow during dinner time." All the Pioneers like this idea.

"The Hope of the Soviet Union"

Vanya rises: "Comrade Pioneers, I think this comrade who spoke here today should speak at our demonstration and . . ." He can speak no longer. The loud response of his comrades to this suggestion drowns out his voice. The worker is happy. He feels that now he is "one of them" again. He leaves the meeting of the Pioneers murmuring: "They are the hope of the Soviet Union! The little devils!"

Mitja is angry. It is hard for her to control the meeting! She calls for order many times. At last all is quiet! She sits down exhausted, shaking her head. The next one to speak is Comrade, Sonya. Sonya is a fiery speaker. She can inspire the comrades to do any kind of work no matter how big or small the task is. She speaks sharply and shows the comrades just how to do the work.

(Continued on page 6)

(Continued from page 5)

Collect Junk to Buy Tractors "Tomorrow morning every Pioneer must report for a sack. We are going from house to house to collect rags, bones and iron. The Soviet Union is, going to sell this stuff and with that money buy tractors. This is the last week of our campaign. All Pioneers must go home early. Every Pioneer group in the Soviet Union is taking part in this campaign. Let us end this meeting and come here early tomorrow morning ready for work."

The meeting ends. The Pioneers walk out singing. Vanya calls out to Mitja: "I bet I will fill two sacks tomorrow to every one of yours!" Everyone laughs. Ványa is a good Pioneer!

In the morning two hundred children report to the headquarters for sacks. Not only Young Pioneers, but other workers' children are going out in this campaign. They go from house to house, speaking to the workers and collecting lots of rags. A Young Pioneer never tires. He carries out his job well.

Mitja and Vanya go to one district together. In one worker's home they stop to speak to the comrade, ask him about his work in the factory. The worker suggests to Vanya a way to improve the sanitary conditions in the factory. Vanya thinks it is a good plan. He takes out his notebook and writes it down. In the evening he turns it over to the factory committee. It is accepted. (The Pioneers in the Soviet Union in one year have collected 1,500 proposals made by the workers on how to better the conditions in the Soviet Union.)

Vanya Collects 14 Sacks!

Every day the campaign goes on. Vanya is at the head. He has collected fourteen sacks full of junk. The other Pioneers have to work very hard to catch up to him. At the end of the week the "Pioneer Pravda" comes out with a big headline: "Pioneers Collect Junk. Government Sells It and Buys 4,500 Tractors! This Is the Result of One Year's Good Work!"

How a Government of the Workers Takes Care of the Children

By Joe Ballam

There is a Pioneer home in Moscow, governed, run, and organized entirely by the Pioneers. Two hundred Pioneers, from the age of nine to fifteen, run this place with the help of a member of the YCL. Here they have their own building, groups, school and many other things.

The children in this home are orphans, who were taken off the streets, and helped by the government. They became Pioneers, and were sent to this home.

But don't think that they are like the children in a charity "home" like we have in the United States. In the Soviet Union these orphans are not hit by the teachers.

No! They govern their own school! They elect committees to take care of all the busi-

The city of Kharkov is alive. It is a warm summer evening. All workers are headed for the amusement park. Everyone is happy. There will be a report of the work done on the Five Year Plan.

The chairman of the meeting finally introduces a Young Pioneer as the next speaker. He says:

"Without the work of the Pioneers in the Soviet Union we could not record so many successes in our work." All workers cheer as Vanya gets on the platform. He is all excited. There are so many things he wants to say. He does not know how to begin. He stands there blushing. Then he starts to speak.

The 5-Year Plan in 4 Years!

At first he speaks slowly. As he tells the workers of the work of the Pioneers, his voice becomes louder and clearer. He ends his speech saying: "We must work harder than ever. The Five Year Plan in Four Years is our aim."

The chairman presents Vanya with a set of farm tools as a gift from the Soviet Government to the Pioneers of Kharkov. Vanya accepts them and says: "With these farming tools we are going out to the farms tomorrow and help the peasants in the work of the Five Year Plan."

The meeting is at its height. Everyone is singing, cheering. Vanya is thrown into the air many times. "The Five Year Plan in Four Years!" The whole working class picks up this slogan. The papers write about it. The workers work with this aim in mind. The whole family works together as one, all determined with endless courage to achieve the Five Year Plan in Four Years! ness. They do their own housekeeping, and every day, each room has a meeting, and there they decide who sweeps, who cleans, and so on.

If a boy or girl does anything wrong, then he is not punished by the teachers. The committee of the children themselves takes up the case, and decides on the punishment. In the evening there is a bugle call and all the Pioneers assemble in the large hall, and the captain of each group has to report whether every Pioneer did his work.

While I was visiting this home, there was an entertainment given by the Pioneers. They had what is called a "living newspaper." The Pioneers set out the most important news in the papers. Sometimes when a Pioneer is bad, they act out something about him. When he sees it, it makes him feel ashamed, and he tries his best not to do the things he did. But in the United States, if a boy in an orphan asylum is bad, they beat and whip him!

This shows what a workers' government does for the workers' and farmers' children. We American workers' children must keep on fighting until there is a Workers' Soviet Government here too, and then we will be free!

Are you a worker's or farmer's child? Then you belong in the Young Pioneers!

Thousands of Workers Greeted the 2nd World "Slot!"

Berlin. — The entire square is crowded with delegations of workers, members of the Young Communist League, and Pioneers. The railroad station is packed with visitors. The Pioneers are standing in the front with their banners. Behind them are two rows of YCLers in their prohibited uniforms.

In the distance appears the smoke of a locomotive. Everybody is silent, and only the noise of the engine is heard. As it approaches a deafening roar comes from the crowd of the workers and children.

"Long live the Mongolian Pioneers! Long live the International Congress!" The members of the League carried the little visitors on their shoulders over to the square.

The band started to play the International. The police objected and gave some foolish excuse. But the crowd began to sing the International, paying no attention to the police.

Then came the march to the congress. The delegates were carried on high, and all one could see above the crowd was a forest of banners and the faces of the Pioneers.

This was the first group. Then came Pioneers from Canada, the United States, Czecho-Slovakia, France, Holland, Austria, Switzerland, Norway, Belgium, Poland,

The Workers' Children

By Bernard B.

We work all day For little pay, While the bosses' children Shirk and play.

They call us lazy, They think us crazy Not to enjoy our work. We do the mining; They do the dining; All they can do is shirk!

In the near future We too will play! And not for bosses, As slaves all day! Finland, from fascist Italy, and South America.

Only the twenty-two Pioneer delegates from the Soviet Union, who were going to tell about the great achievements of the Soviet children in the Socialist construction, and how they help their parents to build up the Soviet Union, were missing. The German bosses had refused to let them into Germany.

On July 23 the delegates were welcomed at twelve huge meetings in all parts of On the 24th the congress was Berlin. opened with the singing of the International. The Red Front Fighters and the antifascists marched into the stadium with their forbidden uniforms. The proposal to send a telegram of greeting to Comrade Stalin was received with great enthusiasm and the triple "Red Front" salute. The meeting ended with singing, and the Pioneers of different countries pledged themselves to carry on the fight against bosses, and to win all the workers' and farmers' children for the struggle of the working class.

-(Translated by the Esperanto Group.)

FROM A PIONEER IN THE SOUTH

Dear Comrades:

The floods are coming this winter. Last winter there was a flood for about four weeks. The flood happened in February. There were houses floating on the river.

They had a very bad flood also in Bushtown (East Chattanooga). It washed the houses, trees and wagons away. The people had to stay any place they could. Some of them stayed at their friends' house. Most of them had - place to stay and they suffered very much.

The government is not doing anything for it, so vote for the Communist Party and organize for better conditions, better houses and to have food to eat and clothes to wear. So I will close.

Comradely yours,

Chattanooga, Tenn. Robert N., age 14

STAND READY!

For the Cause of the Working Class!

Dear Comrade Pioneers of the U.S.:

We, the Pioneers of the village of Krashyno, would like to start corresponding with you Pioneers in the U. S. A., because we, the children of a free country, would like to know more about your life and your struggles.

We know that the Pioneers in bosses' countries are being attacked by the bosses. But we know that Pioneers are not afraid, because we are the daring fighters for a new free society, and we will never submit to the bosses.

Our group was organized recently, only a few months ago. This group is divided into four links, and each link has ten members. The boys and girls are from eight to thirteen years old. We are putting out a special issue of our wallpaper, in which the work of every member of our group will be shown.

Once, when there was a religious holiday, we had a big meeting with many of the children in our village present, and explained to them why the priests and the bosses want them to believe in god, so that they can rob the workers more easily. Many new Pioneers joined at this meeting.

With great impatience we are waiting for an answer from you.

Comradely yours,

The Third Pioneer Link, School 1. Colkhosgrad, Central Black Earth District, U. S. S. R.

Unemployment

As I was passing an old pine tree, Sammie Squirrel made a speech to me. I'm not quite sure of each single word, But here is the sense of what I heard:

"We play at our work, not work at our play,

And store up food for a holiday.

And whenever it comes we are unemployed, There's an unowned surplus to be enjoyed.

"For each one gathers what each one can, And eats what he needs, the perfect plan. There's no squirrel slave, and no squirrel boss.

So nobody's gain is somebody's loss."

But squirrels are different from men, and thus,

They live on nuts; nuts live on us.

From the "Young Comrade," Canada.

Young Pioneer Is 7 Years Old

Don't Let the Bosses Destroy Our Paper—Build the "Young Pioneer"

By I. AMTER

Hamilton Fish, frightened by the fact that the workers' children in the United States are following the Communist Party and are joining and growing active in the Young Pioneers, declared that action must be taken to protect America's youth from the Reds. The state of New York, recognizing that children of the working class are becoming fine, determined little fighters in the interests of the working class in the schools, on picket lines and in demonstrations, has sent two young comrades to jail in Elmira, New York, for training and leading groups of Young Pioneers.

Hamilton Fish, representing the United States government and the bosses of this country, wants all workers' children to be the enemies of their class. He would like them to join the Boy and Girl Scouts, sing songs about "liberty," "democracy," "opportunity," and "prosperity," and grow up into strikebreakers and soldiers against the workers, and for a new world war. This is what the bosses want, and no worker can support it.

They fished up all kinds of forgeries and lies against the Soviet government, in the hope that the people of the United States would get excited and be ready to rise up against the Soviet Union.

His methods were so fishy that he failed. But this shows that the bosses will do anything to awaken hatred of the Workers' and Farmers' Fatherland.

We'll Starve This Winter

There are twenty-five million workers and their families in the capitalist countries without bread, facing a winter of starvation. The bosses are going to make a vicious drive against the working class. Clubbings, jailings, lynching of Negro and white workers, a drive against the militant workers' organizations, are signs of their campaign. The Young Pioneers are also to be taken in hand. The purpose is to terrorize the whole working class, and keep the starving workers and those whose wages are being slashed from doing what the German workers have done — from lining up, in millions, behind the Communist Party.

Young Pioneers! You are members of the working class! You are the most intelligent section of the workers' children, who understand your position, and are always ready to fight for your class. Your job is a tremendous one. Tens of millions of working class children must be won over to the support of the Young Pioneers! Hamilton Fish knows that you are a danger to the bosses and wants the government to smash your organization!

Build the Young Pioneer

Young Pioneers! The voice of the working class children must not be stilled! The Young Pioneers must, and will, continue their important work. The Communist Party will help to make this voice bigger and more powerful, so that hundreds of thousands of workers' and farmers' children will hear it, and show their fighting loyalty to the working class.

Your organ, the Young Pioneer, has already been attacked! The bosses hope that they can silence it. Young Pioneers! You have a big job. On the seventh anniversary of the YOUNG PIONEER you must pledge, each one of you, to make your paper the paper of more and more thousands of working class children. You must get subs. You must write for it about the schools, the miserable working class homes, the sufferings and the struggles of the workers and their children.

Your seventh anniversary is also the thirteenth anniversary of the Soviet Union. There the children do not suffer, but are the treasure of the workers and peasants!

Young Pioneers! Make your seventh anniversary the beginning of a big drive for the YOUNG PIONEER, the voice that speaks for the fighting working class children!

Long Live the "Young Pioneer"

This is a picture of the different headings tthat "Young Comrade" used to have, before it became the "Young Pion Ar"

German Pioneers Send Greetings to the 7th Birthday of the "Young Pioneer"

TO THE YOUNG PIONEER, U.S.A.

Dear Comrades:

To the seventh birthday of your paper for the workers' children, the "TROMMEL" sends best greetings, and wishes you further successful work. Not only the "Trommel," but all workers' and farmers' children of Germany, who read the "Trommel," pledge themselves to organize under the banner of the revolutionary working class and its leader, the Communist Party.

In the German schools, much is told about America. Your country is described as an ideal country, where the workers get high wages, and where very much is done for the growing generation.

But we know that just as in Germany, the workers and their children in America are in a stiff fight for the bettering of their conditions, and for the overthrow of the capitalists.

It is therefore important that the workers' children of all countries form a strong bond of brotherly solidarity. It is important that the children of all countries report to each other on the struggles they carry on, and how they win over the workers' children into the Pioneers.

In this way the children of all countries will learn of the lives of their brothers in other countries, and will be able to show up the lies of their teachers in the schools, who say that America is a paradise for the workers.

We greet the YOUNG PIONEER on its Seventh Birthday, and hope that strong connection will be established between the American and the German workers' children, through their papers, the YOUNG PIONEER, and the TROMMEL.

We promise to send you reports on the life and the work of the German workers' children, and we call upon you to do the same.

Build the YOUNG PIONEER! Make it the paper of all workers' and farmers' children of America!

With best greetings,

DIE TROMMEL.

Karl Liebknecht House, Berlin, Germany.

Write about your school conditions to the YOUNG PIONEER. Become a "Young Pioneer" Correspondent. The "Young Pioneer" 7 Years Old!

PIONEERS! WORKERS' CHILDREN! READ THIS!

Bayonne, N. J., October 26, 1930.

YOUNG PIONEER 43 East 125th Street New York, N. Y.

Dear Comrades:

I read in the YOUNG PIONEER that next month will be the seventh birthday of the YOUNG PIONEER, and that it will be made a sixteen-page paper. But it is necessary to help! I would like very much to get a sixteen-page YOUNG PIONEER.

Please send me a collection list and a subscribers' book. I want to try to get new readers for the YOUNG PIONEER.

Comradely yours, Anna Y.

West 28th St., Bayonne, N. J.

THIS IS THE PIONEER SPIRIT! The YOUNG PIONEER is YOUR PAPER!

*

The YOUNG PIONEER needs help! YOU—every Pioneer, every worker's and farmer's child — must help it! Follow the example of Anna and many other Pioneers!

Collect money — everywhere, from everybody—and rush the money to

The YOUNG PIONEER

Our address is: 43 East 125th St., New York, N. Y.

TELEGRAM

Ber¹in, Oct. 9, 1930.

YOUNG PIONEER 43 East 125th Street, New York, U. S. A.

The editorial staff of the "Trommel" and the Young Pioneers of Germany send revolutionary geetings to the 7th Anniversary of the Young Pioneer.

Die Trommel.

Fight Against War Training in the Schools!

Dear Comrades:

In Los Angeles the bosses are training the workers' children to fight for them in the next war. In all the high schools they have the Reserve Officers Training Corps, where they teach the boys how to use guns and throw tear gas bombs.

I was in the R. O. T. C. for one year. Every week the sergeant gave us a lecture, telling us how bad the "Reds" or Communists are. He told us not to listen to any one of these "Reds" if they tried to speak to us, because maybe we would believe them. The sergeant knows that the Young Pioneers told the truth; that's why he did not want us fellows to listen to them!

But I listened to the "Reds," and now I know why they want us to use guns and throw tear gas bombs. They want to send us to war against the only Workers' and Farmers' Government in the world, the Soviet Union!

But the Young Pioneers teach the children that they must not fight for the big, fat bosses, so that they can get richer! We must fight for OUR country, the fatherland of all the workers, the USSR.

-A Former ROTC Private, V. G.

DEMONSTRATION'S CALLING

(To the tune of the Pagan Love Song).

Come with me, ye workers, I will lead ye to fight. And the darn big bosses Will treat us right!

Demonstration's calling, To them we belong. And we'll cheer the workers, With this working song. —Pioneer Correspondent.

Are you a worker's or farmer's child? Then you belong in the Young Pioneers!

PAGE 10

OUR SOAP CARVING GROUP

ARTS AND CRAFTS CIRCLE

Dear Comrades:

I've got something that I want to tell all of you. It's a grand idea, and I want you all to know about it. That's why I'm writing this in the Young Pioneer, for then I know that all of you will be able to read it.

You see, the other day my comrades and I were sitting in my house, wondering what to do. It was raining outside, and we were tired of all the games we had been playing, and we wanted to do something new. Suddenly I remembered a picture I had seen of a little rabbit carved out of soap. "Gee, that would be lots of fun!"

So we found some soap, and we tried to make a rabbit. It was so easy, and so much fun! And then, when we finished it, someone suddenly thought: "Why can't we make lots of things out of soap, and then we can sell them and make money."

"What will we do with the money?"

"Lots of things. We could send it to the 'Young Pioneer' so they could send free copies to the children in the South, or we could help the strikers' children, or use the money to build new Pioneer groups."

That sure was a swell idea, and we decided that we ought to let all our comrades know how to do this. So that's why I'm writing to you, so that you can do this yourself, or else get a few comrades to work with you.

First, you've got to get some soap. Ivory soap is the best, because it isn't too hard nor too soft. Then get a small pointed knife. Now you need only one more thing. That is, a smooth stick with a point on it. You can use a lollypop stick or an "orange stick," which is even better. An "orange stick," is used by girls to manicure their finger nails, and you can get them in any five and ten cent store.

Now we are ready to start making the rabbit. You must remember that the rabbit has a front, a back, and sides, just like real, live rabbits have. He's fat too, and not flat like a piece of paper. Now make some drawings on paper, so that you will know what you are going to do, and won't spoil any soap. Make a drawing first of the side, and when you get through, your drawing should look like drawing No. 1. Then make a drawing of the front to look like

No 2, and one of the back, to look like No. 3. These drawings should be the size of the piece of soap.

Now you know just what you are going to do, so take the soap and cut a thin slice off the two sides that have lettering on them, so that the letters won't be in your way. Then make drawing No. 1 on one of these sides. You should make this drawing of the rabbit almost as big as the big side of the soap. If you find it hard to draw the rabbit on the soap, cut out your drawing, and trace around it on the soap with the end of your pointed stick. Now take the knife, and very carefully cut away all the soap around the drawing. Now your rabbit should look like drawing No. 1 on both sides. But the front, the back, and the top and bottom will be flat.

Make the rabbit's back round, just like his back really is. You can take off the extra soap with your knife and then you can use the point of your stick around the neck and tail, where the knife is too big to use. If you use an orange stick, take the flat end, and use it to smooth down the sides, to help you make it round.

What We Pioneers Made Out of Soap. You Comrades Can do the Same, Too!

Now make the tail like a little ball sticking on to his back. Then make the face, with little round fat cheeks, a pointed nose, and the eyes. You can make these with the end of the stick, just little circles in the side of the head. Now work on the back legs, as seen from the side. Make them stand out a little from the side of the body. This means that you will have to dig off a little from the side of the body between the legs, and round the body in under the animal a little bit. The front legs will be worked in the same way from the side.

In the front you will have to cut away the soap beneath the head, and make two separate paws. Don't forget the little claws as you see them in picture two. Now your rabbit should look like picture No. 1 on both sides, like No. 2 in front, and like No. 3 in the back. To make your rabbit look more real, paint little black dots for his eyes, and one for his nose and then paint on the whiskers.

I am also sending you a picture of some soap carvings that we Pioneers made. After you have practised on the rabbit, see if you can't make these too, and I'm sure that you will like to do these things.

Comradely yours,

THE YOUNG PIONEER 43 E. 125th Street, New York, N. Y.

PIONEER ORGANIZERS

(Tune: Around the Corner)

Organizers of the children are we, Among child laborers, in the factories. We're for our class, Against the boss; Always fighting, Never shirking, For the workers' cause.

Among the children in every school We agitate for the Workers' Rule. We make it clear That we must fight, If all the workers Are to get what should Be theirs by right.

We are all members of the Young Pioneers; We cause the bosses to quake with fear. We sing our songs, We do our work; For if the workers Are to rule There is no time to shirk.

-By a Pioneer.

LAFFS

He: Take away my first letter; take away my second letter; take away all my letters, and I am still the same. Who am I? She: That's easy! You're a letter*carrier!

Teacher: If you face the north, what would you have on your left hand?

Pioneer: Fingers!

Office Boy: My brother has a gold medal

for running five miles, a silver one for swimming, a trophy for wrestling, and cups for boxing and rowing.

Second Office Boy: Gee, he must be a great athlete!

First one: Naw! He keeps a pawn shop!

* * *

Why is Liberty's hand eleven inches long? Because if it were an inch longer it would be a foot!

-By a Comrade.

"Don't you like your new baby sister, Johnnie?" asked the nurse.

"She's all right," said Johnny, "but I wish she were a boy. Willie Smith has a new sister, and now he'll think I'm trying to copy him."

* * *

"Dad, I got in trouble at school today, and it's your fault."

"How's that, Son?"

"Well, I asked you how much \$1,000,000 was, and the teacher said a 'helluva lot' wasn't the right answer!"

Get all your friends to subscribe to the YOUNG PIONEER! It's Only 35 cents a year!

ANSWERS TO PUZZLES

The following comrades answered the puzzle in the last issue of the YOUNG PIO-NEER correctly:

Raymond Duda, Albert Waskunas, Harold Wise, Walter Fesik, Augie Machover, Nellie Rowny, P. Rimkus, Toivo Piilo, Mary Jane Dobrinec, George Bijon, Minnie Mavich, Keijo Worgren, Sarah Ylinen, Ethel Goldwasser, Joseph Hallabrin, Melvin Alam, Armand Keossian, Joe Singer, Margaret Yakim, Narcyz Pasterczyk, Zaven Keossian, Vilma-Ylitelo, Herman Kushner, Albin Johnson, Pete Karavanich, Urpo Trast, Sylvia Wehmanen, Louis Hince, Amelia Buzas, Helen Binak, Walter Redstrong, Frank Lind, and Morris Vynerib.

IS YOUR NAME ON THIS LIST?

If not, answer one of the puzzles or send in a joke for this page, and you will get a prize. If you have anything that all of our readers would like, send it in!

Send your letters to the "Fun and Play Page," YOUNG PIONEER, 43 East 125th St., New York, N. Y.

Join the Young Pioneers!

A PUZZLE

A farmer had 7 pigs. They were always fighting among each other.

The farmer wanted to put each in a separate stall, but he had only 3 pieces of fence. Can you solve his problem? Try to draw 3 straight lines, without touching a pig, so that each one will be in a separate yard.

REVOLUTIONARY GREETINGS!

Throw away the bosses' fairy tales about thrift and hard labor leading to "success." It is a lie.

The only way to succeed is to organize and fight together with all workers for the government and bosses to pay the unemployed.

No work for children, but study and play! Fight for the right of workers' children to organize!

Free lunch and supplies in school!

More playgrounds and gyms!

No worker's child for bosses' wars!

Defend the Soviet Union, where workers' childdren are free and happy!

Spread the YOUNG PIONEER in the scchool, on the playground, and in the neighborhood! Let all workers' children read it!

Revolutionary greetings on the seventh anniversary of the Young Pioneer.

The CENTRAL COMMITTEE OF THE COMMUNIST PARTY, U. S. A. Greets the YOUNG PIONEER on Its 7th Anniversary.

In this period when there are 9,000,000 unemployed workers, the workers' children especially feel the evils of this rotten capitalist system.

The YOUNG PIONEER must become a real mass fighting paper to voice the needs of the working class children in the United States. It must carry on a determined struggle against such capitalist organizations as the Boy Scouts, which is corrupting the minds of the youth and training them to be docile servants of the capitalist class.

The YOUNG PIONEER must bring to the children in this country the message of the children of the Soviet Union.

The Central Committee urged the Young Pioneers and all workers' children to build their paper, the YOUNG PIONEER. Long live the Young Pioneers and their paper, the YOUNG PIONEER!

Long live the Young Communist League, the organizer of the working class children of this country! Long live the International Pioneer movement!

Free Food for the Children of the Unemployed!

CHILDREN HAVE TO WORK HARD!

Thousands of Mexican and Filipino workers' children are forced to work all day long under the blazing sun in the sugar beet fields of Colorado.

Children under the age of ten work in the beet fields, getting less than two dollars a week. Children between ten and thirteen get about \$2.50 a week, and those from 13 to 15 get about \$3.

These are the wages that the bosses of the beet fields pay to the workers' children for working from ten to sixteen hours a day in the open fields under the blazing summer sun.

Most of these children are supposed to go to school. But the bosses pay their parents so little that they have to stay away from school and go to work.

The American Federation of Labor knows about these rotten conditions of the child workers, not only in Colorado, but all over the country. But the A. F. of L. is an aid of the bosses, and it doesn't care about the workers' children.

THE MOVIES

TURKSIB

I went to see the picture "Turksib," and I want to tell you comrades about it. There is no plot in this picture, because it tells about the building of the Turkestan-Siberian Railway in the Soviet Union. The actors in the picture are the workers themselves.

This picture is sort of a news reel of the Five Year Plan of Workers' Russia. I liked the way the diferent scenes were shown. If any Pioneers or workers' children have a chance, I would advise you to see "Turksib," because it shows just what the Soviet Government is doing. It is building a new system, where the workers and the children will be free, and not slaves, like we are here in bosses' America!

-Leon L.

Only the Trade Union Unity League fights for the child workers just like it does for all workers. IN MY SCHOOL

Dear Comrades:

One day in my school my geography teacher asked me what was happening in China. I said: "In China there is a revolution. The Chinese workers are rebelling against their masters for-"

I didn't even have time to finish my statement when she told me to sit down. Then she began talking. She said:

"Those terrible Russian Reds are invading China and killing millions of innocent people. America is now sending a few battleships to protect American citizens."

You can see that this is a lie! The bosses don't want the Chinese workers and peasants to run their own country. Long live the Chinese Workers' Revolution!

Comradely yours,

Walter Redstrong.

Brooklyn, N. Y.

Write as you fght! The "Young Pioneer" is your paper!
