50 MORE DOLLARS FROM LOS ANGELES

AFTER having done itself proud by tripling its dues for the Weekly Young Worker by raising it to $3.00 a year, the Los Angeles YW has now increased it to $4.00 a year. The reason of this was a call to the YW to raise its dues now in order to follow the excellent example of Los Angeles. Let the clergy do it!

Other leagues have also excellently in the drive and we may be sure that the number of the Weekly Young Worker will be sent out to the other YW's of the country as well.

In 1910, when the monarchy was overthrown, Latvia, one of the Baltic States of the Russian Empire, rebelled against the govern- ment to set up a separate republic with a proletarian rule. The revolutionists, true to their traditions, took the lead in the battle of liberation, the workers forming the vanguard of the assault. Latvia and her comrades, having been freed from the yoke of the Tsarist autocracy, have worked together in the ranks of the socialist movement. They have proved themselves to be true and loyal comrades, always ready to fight for the cause of revolution.
