CHEAP LABOR BIG FACTOR

by JOHN HARRIVE

Harvey S. Firestone, President of the
American Rubber Co., has said that the
mechanization of rubber industries has
made possible a reduction in price of up to
$50 per ton. He estimates that by the end of
the year, the price of rubber will be about
$120 per ton.

More than $100,000,000 worth of rubber
growing on 50,000 acres of rubber plantations
in Indonesia, Thailand, Malaya, and the
Philippines is expected to be harvested this
year. This is an increase of 50 per cent over
the amount harvested last year.

Times readership. It describes the
advantages of using cheap labor in various
countries around the world.

Diplomatic Isolation

A diplomatic isolation has been declared
against the Soviet Union, the People's
Republic of China, and other communist
countries. The United States has closed
its diplomatic relations with these
nations, and has cut off all trade and
financial ties.

Locarno a Failure

The Locarno Agreement, signed in 1925,
was supposed to guarantee the borders of
Germany and Belgium in perpetuity. It
was expected to bring peace and
prosperity to the region. However, it
failed to prevent the rise of nationalism
and militarism in the 1930s.

Moroccan War Is Sharpening

The Moroccan War has been escalating
in recent weeks. The French government
has sent additional troops to the
region, and clashes between French and
Moroccan forces have become more
frequent. The situation is tense and
potentially explosive.

All in all, the British Labor Party Congresses
will be important in the future of the party.
They are a stepping stone to becoming
more radical and questioning the
establishment.

The British government has
recently announced its intention to
abolish the death penalty.

U.S. SOLDIERS STILL MENCING WORKINGCLASS OF PANAMA CITY

Newspaper reports that the Ameri-
can armed forces are being asked by the Panamanian government to relieve the workingmen of Panama City, where a strike continues.

"We are not in the business of organizing the Workingmen's Union," said a Panamanian official. "Our job is to protect the rights of the American soldier."

The soldiers, who are on strike, are demanding better working conditions and higher wages. The Panamanian government has refused to negotiate with them, citing the military's mandate to protect American interests. The strike has entered its third week, with no resolution in sight.

Cleveland Members Unanimous in Support of N.C.T.

The Cleveland Chapter of the National Committee for the Travelers has voted unanimously to support the union's demands for better working conditions.

"We stand with the American workers," said a representative of the Cleveland Chapter. "They are not resisting; they are fighting for what they are entitled to."
