Manifesto Against the White Terror in Jugo-Slovia

Radovanovic:
On behalf of the Yugoslav delegation I propose that the following shall be the resolution of this Congress.

To the workers of the world:

Now the time has come to attack the Centralist Comrades!

The reactionary government of the young Jugo-Slovanian republic is carrying on against Centralist Comrades a campaign of murder and robbery unprecedented in the history of the Jugo-Slovanian Congress. It is carrying on this campaign in all countries in order to destroy the spirit of the Congress. It is carrying on this campaign in order to destroy the spirit of the Jugo-Slovanian Congress. It is carrying on this campaign in order to destroy the spirit of the Jugo-Slovanian Congress. It is carrying on this campaign in order to destroy the spirit of the Jugo-Slovanian Congress. It is carrying on this campaign in order to destroy the spirit of the Jugo-Slovanian Congress.

This latter victim is our comrade, Kerenovich Jure. He was sentenced to death for the crime of having been the leader of the general murder strike in Jugo-Slovania in 1922. Although outlawed by the Jugo-Slovanian government and even by the Jugo-Slovanian police, he continued to fight for the cause of the Jugo-Slovanian government. He was executed without trial.

We have also previously mentioned, and we have also expressed our opinion in this regard. In this respect, we have already expressed our opinion in this regard.

Finally, I wish to mention that we advise the International Executive Council of the Young Communist International to issue a warning to the government of Jugo-Slovania in order to prevent a repetition of such outrages.

Sashid:

Comrade, the thesis on the Negro question which was returned for clarification is as follows. The thesis says that it is unacceptably adopted by the Congress.

I. During and after the war there developed among the colored races and the colored population a movement of political and social organization. This movement is still making successful progress against the power of capital and the power of the state. The Negro is still being exploited by black races in the following ways: (1) the Negro is still being exploited by the Negroes themselves. (2) The Negro is still being exploited by the Negroes themselves. (3) The Negro is still being exploited by the Negroes themselves. (4) The Negro is still being exploited by the Negroes themselves.
