

URGENT TELEGRAM TO REVOLUTIONARY
FELLOW FIGHTERS IN CHENGTU

[Following is a translation of a telegram
in the Chinese-language newspaper Tung-fang
Hung Pao (East Is Red News), Peking 9 May 67,
p 2. This source is published in Peking by the
Tung-fang Hung Pao Editorial Board of Peking
Geological College.]

Revolutionary Fellow Fighters of the Southwest Liaison Sta-
tion of the Northern Tung-fang Hung Communes of the Szechwan
Geology Bureau in Chengtu; of the Chengtu Workers Revolution-
ary Rebellion Corps; of the "August 26" Group of Szechwan
University; and of various Red Guard Chengtu units:

With shock we learned of blood letting incident in
Chengtu in which revolutionary fellow fighters bravely
gave lives. All fighters of Peking Geological College "Tung-
fang Hung Commune" are highly indignant. We Tung-fang Hung
fighters mourn dead who gave up life and blood to defend
Chairman Mao and his revolutionary line; and pay high tribute
to those fighting on Southwestern battlefield.

"In human history, all reactionary forces whose doom
was sealed always challenged revolutionary forces in last
gesture to ensure survival." The last strike by our class
enemies is like a desperate dog's vain effort to scale a
high wall or an ant's endeavor to shake a tree.

Revolutionary fellow fighters, we the fighters of
Tung-fang Hung Communes have pledged to fight on your side.
Our hearts are always linked with yours.

Down with Li Ching-ch'uan. Liberate the Great South-
west.

Revenge for the martyrs. These martyrs are immortal.
