

Publishers' Note

Tarimela Nagireddy Memorial Trust had been formed with the aim of propagating the ideals of Com.T.N and his world outlook, that is, Marxism – Leninism – Mao's Thought. The Trust had been striving hard to propagate Marxism – Leninism and Mao's Thought through literary, cultural and educational means.

*We had published the statement made by Com. T.N in the court of Additional Sessions Judge, under the title **INDIA MORTGAGED** in July 1978. In 1980 we had published the Telugu Version. The Telugu Version was reprinted in 1984. Now we are bringing out second reprint of English book and third reprint in Telugu.*

Com. Devulapalli Venkateswara Rao wrote the foreword to the first edition signed as 'Naveen Chandra'. Com. D.V martyred in 1984. The Trust cherishes his memory and pay revolutionary homage.

*The life partner of Com. T.N., Com. Laxmi Kanthamma was founder – member of our Trust. We could publish **INDIA MORTGAGED** with co-operation of her. She actively co-operated with the Trust in its activities. She passed away in 1989. We pay our revolutionary homage to her memory and we will always remember her co-operation in our activities. We are conveying our condolences to her family members.*

It is a difficult task to take up editorial responsibilities in publishing Com. T.Ns work, which is brilliant and powerful analysis. So, we have made no changes in the original text. We have appended latest data at the end of each chapter.

The paper and printing costs have increased to exorbitant proportions in recent years. Even then we have dared to publish this work because of its political importance. The unlimited love for revolutionary movement and towards Com.T.N that prevailed among the people has enable us in more than oneway in fulfilling this task.

There is much to be done to achieve our aims. We are confident enough to achieve this with the help and co-operation from the people.
