Sigman's Cossacks

BY JOSEPH ZACK

IN New York, we have in the police force the Industrial Squad. This is intended to preserve the peace and maintain order in the industrial districts. The officers of this squad have been trained to handle strikes and other disturbances.

Many workers may not know that there is an organization to protect their rights. The Industrial Squad is composed of men who are familiar with the law and have been trained in the use of force.

The Industrial Squad is a professional and well-trained police force. It is under the command of Captain Bayer, who has been in the force for many years.

The Industrial Squad is equipped with the latest in police equipment, including tear gas, Rubber bullets, and other non-lethal weapons.

The Industrial Squad has a strict dress code and a strict policy on the use of force. They are trained to handle any situation that may arise.

The Industrial Squad is responsible for maintaining order in the industrial districts.
